# SEEDBALLZ®

Seed Ballz are a unique and special success story. Inspired by the teachings of author Masanobu Fukuoka and his approach to natural farming, a special blend of red clay, rich humus and a whole package of flower seeds were used in their creation.

A partnership was then formed with organizations assisting the developmentally disabled to hand-roll this unique garden product in the U.S.A. The result of these shared efforts is a new way to grow clusters of flowers and herbs while creating meaningful, therapeutic work for valuable members of our community. Seed Ballz are perfect for outdoor patio pots and garden beds. Plant in memory and honor to celebrate life and survivorship.

**Seed Options:** Hummingbird/Butterfly Mix, Forget-Me-Not, Edible Flower Mix, Seeds of Hope Mix, Bee Mix, Basil or Cilantro. The Seeds of Hope Mix produces clusters of pink flowers.
