Design. Make. Promote.

## Design.

 **UNIQUELY EVANS.** At Evans, we want your message to stand out, and we want the product that carries it to perform in a way that compliments your brand. When you see the Uniquely Evans logo, know that we took care to design the product specifically for the promotional products industry.

 **VELVET TOUCH.** Items with this logo have a velvety soft feel that people can't wait to get their hands on. You can find some of our most popular drinkware and writing instruments with this finish. Order a sample and get the feel of it today!

 Evans Glide-Write Ink is a specially formulated combination of gel and ballpoint ink. Pens with our Glide-Write ink offer a uniquely smooth writing experience, coupled with the longer-lasting properties of a standard ballpoint ink. Ask us for a free sample - once you try it, you'll agree.

 **VIBRANT FULL COLOR PROCESS.** Evans offers Vibrant Full Color printing on items carrying this logo. A full color logo will elevate the value of the product by offering eye-catching advertising messages.

## Make.

 **MADE IN THE U.S.A.** Evans proudly molds, manufactures and decorates over 150 products in our U.S. manufacturing facility. Items with the Made in the USA logo are always in stock and won't be delayed while "on the water". As a true manufacturer, we control the entire process to deliver safe, high-quality products. We also offer a wide array of colors and will allow you to assort up to 4 colors on most USA Made items - at no additional charge. Discover the benefits of Made in the USA - with Evans!

 **TARIFF FREE.** Items in our catalog and on our website that are not impacted by tariffs will carry this "Tariff Free" logo. We will update our website if there are changes in any overseas item.

 **SEWN BY EVANS.** Evans expertly sews and decorates 23 standard non-woven bags in our North American factory. New for 2020, you can create your own version of these 23 bags by doing any color combination you like! This means you can select from 15 colors of material for panel, gusset, pocket and handle colors to create something original. Even better, you won't have to wait for overseas shipping. Need something even more custom than that? We've got you covered there as well. Please see page 80 for more details on our revised Sewn by Evans program.

 **24 HOURS EXPRESS PRODUCTION.** Look for the 24 Hour icon on the individual pages or on [www.evans-mfg.com](http://www.evans-mfg.com) to identify items available. For specific details, see page 6.

## Promote.

**BE CREATIVE.** We are always looking for ways to better serve our customers. Please contact our sales and customer service team for assistance with product information, creative ideas or new opportunities. Is there an item you'd love to see us add to our line? Please send our product development team an email at [newproductideas@evans-mfg.com](mailto:newproductideas@evans-mfg.com).

**BE SOCIAL.** Connect with us on all of our social media platforms for great ideas and exclusive promotions. We'll be launching products throughout the year - don't miss out on the latest news from our team!

**BE RESPONSIBLE.**  Look for items with this (Eco-Friendly) symbol throughout our catalog. Items with this symbol have been made from at least 30% recycle or sustainable material. For more information on how Evans supports the effort to create sustainable products, please see pages 4-5.

**BE SUCCESSFUL.** As a top 40 supplier in the promotional products industry, we have earned top supplier service ratings on ESP and SAGE. In addition, we are consistently nominee and award winners in several product categories. At Evans, we consider ourselves part of your team, and we know that our success depends on your success. Thank you for entrusting us with your business.

# reuse with Evans

Look for the Evans Eco-friendly logo to identify products that are sustainable and friendly to our environment.

At Evans, we promote multiple use products that cut down on the negative environmental impact that single-use plastic products have on the world eco-system. Together, we can make a difference.

## 1 REUSABLE STAINLESS & SILICONE STRAWS

Reusable plastic and silicone straws from Evans eliminate the need for single-use straws. Promoting their use sends a strong message of support for our environment.

# 100 MILLION

100 Million Plastic bottles are used worldwide everyday!

Only **1 in 5** single use plastic bottles are recycled.

# 10/20 minutes

Plastic straws are made in **10 MINUTES**, used for an average of **20 MINUTES** and remain on earth forever, since they are not biodegradable.

# 500,000

500,000 plastic straws are used daily, contributing to the 8 million tons of plastic that enters the ocean each year.

## 2 REUSABLE NON-WOVEN & COTTON CANVAS TOTE BAGS

The best bag to own is a reusable bag that you can use for years and years! At Evans, we focus on manufacturing bags that will last indefinitely. Every Evans bag distributed can eliminate thousands of single-use plastic bags over one person's lifetime.

# 1.8 Billion

The average American goes through six shopping bags per week. With a population of roughly 300 million, that mean 1.8 billion bags are used and discarded by Americans every week.

## 3 REUSABLE STAINLESS & PLASTIC WATER BOTTLES

Because single-use plastic water bottles are on the top 10 polluters on the planet, Evans reusable stainless steel and multi-use plastic bottles are a great eco-friendly alternative.

# 15 to 1,000 years

A plastic bag can take from 15 to 1,000 years to break down, depending on the environment.

# QR Codes & How to Use Them

This year, we have added QR code capability to every item in our Evans catalog. Simply scan the QR code with your smart phone, and it will take you directly to the website page for the item you are interested in. There you will find the up-to-the-minute information - right at your fingertips.

## How do I scan QR codes with my Android phone?

- Open the camera app either from your device's home screen or lock screen.
- Hold your device steady for 2-3 seconds towards the QR code you want to scan.
- Tap the notification to open the link associated with the QR code.

## How do I scan a QR code with my iPhone?

- Open the camera app from your device's home screen, control center, or lock screen.
- Hold your device so that the QR code appears in the camera app's viewfinder. Your device recognizes the QR code and shows a notification.
- Tap the notification to open the link associated with the QR code.

## 2020 CATALOG PRICING

This year, each item in our catalog shows “as low as” pricing for your browsing convenience. Note that pricing printed in red may be impacted by tariffs, while pricing in blue will not be impacted during the year. Because the US tariff situation has the potential to change over the course of the year, be sure to click on the QR codes for current information and pricing.

# sewn by evans

Create your own version of a standard *Sewn by Evans* bag by doing a color combination that fits your needs.

## Design.

Create the color combination of your choice in 2 simple steps:

Step 1 - Choose from 23 stockline bags - look for the Sewn by Evans logo for items that qualify for this program.

Step 2 - Select your color combination from the 15 colors shown above for:

- Front/back panel
- Handle color
- Side gusset color
- Pocket color *(when applicable)*

Look for this logo

## Make.

- Once you've selected the colors you want, call our customer service team with the quantity you are looking for, and we'll confirm your pricing - on the spot!
- Your specially designed color combination bag will ship in 15 working days (catalog quantities apply).
- Because your bag is sewn in our factory and made to order, you will never have to worry about stock delays. We'll get you the color combination you want - and fast!

## Promote.

- Delight your customers with unique bags that will fit their brand colors!
- Make sure your customers know that bags generate more ad impression in the U.S. than any other promotional product.
- Looking for a custom bag? We've got you covered. Let us know what you are looking for, and we'll work with our Evans sewing experts to make it a reality. You design it, and we'll deliver it! Please contact factory for full details.

## NEW FOR 2020!

Create your bag with our new online design studio. You can choose your colors and see what the bag will look like right from your computer!

# general information

## ORDERING INFORMATION

**ACKNOWLEDGEMENTS:** We will notify you immediately upon receipt of your order. A sales order confirmation will follow with specific order information within 24 hours of receipt of the purchase order. Please review these documents carefully.

**OVERRUNS/UNDERRUNS:** All orders are subject to a 5% overrun or underrun and will be shipped and billed accordingly. Please note on your purchase order if exact quantity is required - a \$25(V) fee will be charged for orders requiring exact quantity.

**LESS THAN MINIMUM:** \$50(V) absolute minimum of 1/2 the smallest catalog quantity, reference catalog page for details. Please note: No assortments are available for less than minimum quantities. For Drinkware, catalog minimums will be between 72-100 pieces, please contact factory for details.

**ASSORTED PRODUCT COLORS:** Assortments of up to 5 product colors are available on most products at no additional charge. Please refer to product page for more information. Please note: Drinkware must be assorted by full box quantities.

**CANCELLATION:** Any cost associated with work completed will be billed accordingly.

**CO-OP AND CATALOG PROGRAMS:** Please contact factory for more information.

**PACKAGING:** Please refer to item pages for standard packaging. Special packaging is available upon request - please contact factory for a price estimate.

**LTL FREIGHT RECOMMENDED:** Items with this symbol are either heavy or subject to dimensional weight charges from the carrier. With dimensional weight, the carrier charges for the size of the box when the weight of the box does not meet the minimum requirement set by the carrier. Keep this in mind when ordering items when the LTL freight recommended logo is present. Please visit [www.evans-mfg.com](http://www.evans-mfg.com) for current packaging information.

**PRICES:** Subject to change without prior notification. Please visit [www.evans-mfg.com](http://www.evans-mfg.com) for current pricing information.

**SALES TAX:** Please note that Evans Manufacturing collects sales tax in most states due to recent state sales tax law changes pursuant to the U.S. Supreme Court decision in South Dakota v. Wayfair. Sales tax may appear on your invoice unless we have a valid sales tax exemption certificate on file for the state(s) your products are shipped to.

**RETURN POLICY:** Evans assures that our products are of good quality and that measures are taken to eliminate defects in material and workmanship. Please contact factory within 60 days of receipt of the product if there are problems with your order. Due to the custom nature of our products, factory authorization is required prior to the return of merchandise. Unimprinted merchandise is subject to a restocking fee.

**RANDOM SAMPLES:** Random imprinted samples will be billed at EQP and are free up to \$10(Z), when a valid 3rd party shipper account number is provided. If a shipper number is not provided, Evans will ship USPS Priority Mail unless otherwise specified, and customer will be invoiced for all shipping charges. Samples will ship the same day as ordered if order is received before 5:00pm Central Standard Time. Please email sample orders to: [samples@evans-mfg.com](mailto:samples@evans-mfg.com).

**ORDER REFERENCE SAMPLES:** Provided upon request. All appropriate charges apply.

**SPECULATIVE/PRINTED SAMPLES:** Standard and vibrant full color: \$50(V), \$115(V) for custom luggage tags. Please reference your spec sample P.O. if full order is received, we will credit the spec sample charge.

## PRODUCT COLORS

**STANDARD PRODUCT COLORS:** Are shown on respective product pages. Colors shown are approximate. Samples or

swatches of item colors are available upon request. These items are shipped in 5 standard business days and are available for 24 Hour Express Production, unless otherwise noted.

**SELECT COLORS:** Because we are a USA manufacturer, we can offer a wide array of colors for you to select from on manufactured items. These colors are available at no additional charge with a 2,500 piece minimum order - 7 working day lead time. Colors available are: white, black, blue, red, green, yellow, orange, dark blue, purple, neon orange, neon yellow, neon green, dark green, coffee, salsa, pink, translucent purple, translucent blue, translucent red, translucent green, translucent orange, translucent frost, translucent smoke, translucent yellow, translucent pink, translucent lime, translucent sky blue and translucent aqua.

**CUSTOM PRODUCT COLORS:** Are available for most of our product line. Please call factory for color matching charge for initial order only. Additional run charge of \$.04(V). Additional lead time is dependent on the product and quantity requested. A pre-production sample will be supplied for your approval prior to production. For manufactured parts, a 5,000 piece minimum requirement is typical. For PolySure™ bottles, a 10,000 piece minimum is required. For custom pen colors and more custom color information, please contact factory.

**CUSTOM COLOR MATCH CHARGE:** \$150(V). Usually takes 5-7 working days.

**CANADIAN PRICING QUALIFIER:** Canadian billing addresses qualify for Canadian pricing.

**ARTWORK**

**EMAIL ARTWORK TO INFO@EVANS-MFG.COM:** Please include distributor name and purchase order number for reference. An art submission is reviewed only when the purchase order has been received. Art emails should only contain a single art file. Please do not send multiple files in multiple formats containing the same artwork. Pertinent layout information should always be stated on the purchase order.

**REVISIONS OR UPDATES:** Should be directed to our Customer Service Department. Digital vector artwork is preferred. However, should camera-ready or digital vector artwork not be available, Evans art department will set straight-line type. More extensive rework or creation services are available. Send us what you have and we can redraw it at no additional charge.

**CAMERA-READY ARTWORK INCLUDES:** Sharp, black and white line art and copy that is ready to be transferred to film or plate without retouching.

**NOTE:** Always submit a hard copy of the art or layout with your purchase order.

**FILE FORMATS**

**VECTOR GRAPHICS:** Corel Draw, Adobe Illustrator, EPS and PDF files are accepted. Other file formats are generally not recommended and may not be supported. Fonts incorporated into artwork must be converted to outline paths prior to submission. Please do not send files with linked objects. Avoid custom spot colors, special effects, fills or transparencies. File names must contain their native file extensions.

**RASTER IMAGES:** We highly recommend vector artwork for the best quality print. However, Evans will accept raster images that have been created at a resolution no lower than 600 DPI. JPG, TIF and most PSD files are accepted. Other file formats are generally not recommended and may not be supported. File names must contain their native file extensions. Always include a hard copy of the artwork.

**TYPE, RULE AND OUTLINES:** Factory cannot guarantee reproduction of fine serif and script type smaller than 8 points. No type should be less than 8 points. Avoid open-faced, screen tones, outlines or drop-shadow effects on fonts. Strokes or reverse outlines less than .25 points may not print and are not recommended.

**MULTI-COLOR SPOT PRINTING:** We recommend vector artwork that can be cleanly separated and meets the requirements described above. Files that are not vector based may not be supported. Include a color laser print or other diagram indicating the color breakdown. Evans art department will provide any trapping or overprint settings required for multi-colored imprints. **Pens:** Up to 2 color imprint available.

**HALFTONE SCREENS:** Items that require pad printing will support artwork with a maximum line screen of 120. Screen printed items will support a maximum line screen of 72. Screen tones and gradient fills between 20% and 65% are supported. Not available for some drinkware items.

**ADDITIONAL INFORMATION:** Always keep a copy of art and files. Do not send in the only copy. Art media will be returned only upon request. Artwork is archived digitally.

**NOTE:** Evans is not a union shop. We will print the union label only as part of customer supplied art.

All imprinted merchandise shown in this catalog is for illustrative purposes only and does not imply endorsement, nor availability for sale to anyone other than the owner of such design and/or logos.

**SAFETY STATEMENT TO CUSTOMERS**

**PRODUCT SAFETY AND COMPLIANCE:** Evans' products are manufactured using laboratory tested materials and inks. Testing procedures are ongoing and are conducted by independent, third-party laboratories. Evans conforms to all State and Federal regulations, including the Consumer Product Safety Improvement Act.

**TEST RESULTS AND/OR SDS SHEETS** are available for any product or raw material used in an Evans item. Registered customers can retrieve General Conformity Certificates (GCC) for Evans products from our website.

We are periodically inspected for social and ethical compliance by private auditing organizations and for environmental health and safety by local, county, state and federal government agencies.

Evans recycles manufacturing materials to minimize our impact on the environment.

**PROPOSITION 65:** California's Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) requires that we provide

California consumers a special warning if a product contains chemicals known to the State of California to cause cancer, birth defects or other reproductive harm. Certain products sold by Evans Manufacturing may incorporate materials that contain amounts above those deemed acceptable by the State of California. Evans Manufacturing is required to provide the following warning when those materials exceed the standards of Proposition 65:

**WARNING:** This product can expose you to chemicals including [name of one or more chemicals], which is [are] known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to: [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

Because we do not test every piece we ship and have not tested our products for every one of the over 900 Prop 65 chemicals, you may continue to have concerns about strict compliance with Prop 65. If so, an option that offers 100% protection is to request labeling of any product that may eventually ship to the state of California. We will gladly do this labeling free of charge.
