## PUSH SINGLE WIPES

These single wet wipes are ideally suited to guest room amenities, dining facilities and wellness centers. Push Wipes is the new standard for freshness, cleanliness and care. Each unit contains a biodegradable all-natural compact cloth that is kept dry in a self-contained sealed recyclable package until they are used. The towelettes are activated by pressing down in the middle of the container which in return mixes the liquid and the compressed towelette. Once activated, the Push Wipes towelette decompresses and becomes ready for use.

Whether in your handbag or suitcase, for on-the-go or at home, Push Wipes are always there where you need it.

Price is included full color offset imprint. Odorless-Unscented. If you want scents, please contact us.
