These high quality hard enamel lapel pins are available in gold, nickel or copper plating and offer a standard military clutch or safety pin backing. CASTED

Casted items allow you to create a truly 3D effect with cut-outs and flawless curves, and are recommended for multi-level detailing and ideal for text logos with complex depth of field designs. Most metal products can be casted, including lapel pins, bottle openers, challenge coins, and ornaments. Casted items can be color dipped for an added pop of color.
