HOW TO BOOST YOUR ADVERTISING SPECIALTY BUSINESS WITH CUSTOM LOGO SAFETY GEAR FROM RADIANS

Don't limit your advertising specialty business to suggesting traditional promotional items, such as cups, calendars, keychains, and pens to your clients. Instead, push the boundaries. Think outside of the box. And consider the branding opportunities associated with custom logo safety gear that encourages safety.

Think about it. Branded safety gear serves a dual purpose:

- ✔ It promotes your brand.
- ✔ It protects people.

Not only that—it may even save a life. These attributes enhance the perceived value of the item in the eyes of your client and the end user, which makes safety gear a good choice for an advertising specialty promotion.

RADIANS BRANDING CAPABILITIES INCLUDE ■ EMBROIDERY ■ SCREEN PRINTING ■ PAD PRINTING ■ HEAT TRANSFER

To help you turn safety gear into a walking billboard for your client, logo branding is available for high visibility T-shirts, polo's, vests, and jackets, hard hats, safety eyewear, cooling towels, neck cords, and neck shades. Logos can be up to:
