ARTWORK REQUIREMENTS

Programs Supported	Adobe Illustrator CS6 Adobe Photoshop CS6
Files That Require Cleanup Fee	EPS AI TIFF JPG BMP And All Other Bitmap Files
Platforms Supported	PC or MAC
Supported Media	FTP UPLOAD (ftp.napmfg.com) CD Disc DVD Disc

Adobe Illustrator: This is our preferred program. Other non-Adobe Illustrator files will be imported into Adobe Illustrator so please prepare your graphic file(s) accordingly.

Adobe Photoshop: Save file as EPS or as a TIFF with a minimum of 300 DPI resolution. The size should be equal to 1/2 of the actual print size.

File Specs.: Please include all EPS and/or TIFF files, and include fonts or convert fonts to curves or outlines. Also include a printed listing of the file names used in your graphic. We no longer return computer discs, composites, or laser printouts so please DO NOT send in your original copies. Sample items such as banners, flags, pins, buttons and other samples will be returned at distributors expense.

Imprint Colors: When submitting artwork for spot colors please specify a coated PMS number from the Pantone Matching System. If you do not specify a PMS color the factory will use a standard shade of standard color. Not every PMS color shade can be matched 100%. Because of variances in inks, substrates, and printing processes the finished product will not usually match a printed color composite.

E-mail Note: When sending your file via E-mail you must include your distributor name, ASI/PPAI number, contact phone, purchase order number. Maximum email file size is 4 megabytes.

FTP SITE: For large files please be sure to zip or stuff the file(s) before uploading to our ftp site (ftp.napmfg.com) to prevent corruption in the transit. Please include all files used in the artwork including links such as TIFF, EPS, or JPG, and any fonts not converted to vector or curves. All files received will be imported to Illustrator so to prevent corruption please save files in EPS format. Call our customer service for User ID and Password.

MATERIAL COLORS

STANDARD NYLON

Charcoal	Crocus	Bell Blue
Maroon	Process Blue	Purple
Gold Brown	Peach	Flesh
Warm Red	Lilac	Amber
Golden Poppy	Aqua	Tan
Ruby	Peacock	Silver

GENERAL INFORMATION

SAMPLE ART: In most cases a flat fee of \$80.00 (net) will be added for artwork taken from sample flags or banners.

ARTWORK CLEANUP: If you provide us with artwork that requires redoing a cleanup charge of \$35.00 (net) per hour will be assessed to order. Examples of artwork requiring cleanup would be JPG's, TIFF's, WMF's, DOC's, PDF's, or samples received such as flags, banners, t-shirts, embroidered patches and like materials.

COLOR MATCHING: Not all imprint colors can be matched 100%. We will do our best to match any PMS color you provide. If no PMS color is provided we will use our standard shades of standard colors.

DELAYS: Order delays can be caused by many things including but not limited to, creating changes in artwork, receiving of poor artwork, or not approving our faxed layout in a timely manner.

DYE-LOTS: Material dye-lots will vary with each run therefor and exact material color match from run to run may not be possible. Because we buy materials from various mills in the U.S. we cannot guarantee that one mill's color will perfectly match another mill's color of the same trade name.

LAYOUTS: We will fax a black and white layout for approval prior to production. If order canceled prior to any actual production a \$35.00 (net) layout fee will be charged.

SUMMARY OF ORDERING POLICY

RETURNS: Please do not return merchandise without prior authorization. If you encounter a problem with your order please call us for instructions. If your product needs to be returned to us we will issue a Return Authorization Number (RMA). Packages received without a valid RMA are subject to be refused at the dock.

CHANGES or CANCELLATIONS: Changes or cancellations to orders in which we have already completed some or all of the components of the job will be billed according to our labor and material cost. Cancellations or changes must be made in writing.

VERBAL QUOTES: The factory will provide you with a written estimate for any project you have. In most cases you can find your price right in our catalog, however, variations of products listed herein are subject to quote. The factory reserves the right to reject any and all price quotes made verbally. For this reason we encourage our distributors to ask for a written estimate at all times.

PRODUCT SIZES: Unless specifically noted in the product description all sizes listed in catalog are before sewing. Please consider this when ordering products with sleeves. Finished size products (after sewing) are subject to quote.

MATERIAL DEFECTS: In the rare occasion you receive a product with a manufacturer's defect we will be happy to repair the product or pro-rate the replacement. If you feel you have a product with a manufacturer's defect please call us for instructions.

TERMS: All new customers will automatically have terms of C.O.D. until credit has been approved by our credit department. Your shipment will arrive via UPS C.O.D. Cashier's Check. Orders can also be pre-paid with any major credit card. C.O.D. Company Check requires pre-approval from our credit department. Some orders may require a deposit. Cannot drop ship CODs.

Applique Flags are priced standard with header & grommets. Imprint on one side. (reads reverse on back). To keep your flag flying, please consider size and weight factors when ordering 2 sided flags. *Some Intricate artwork may be printed then stitched on for a sleek and sharp appearance. Sewn letters must be a minimum of 1" tall.

Indoor Flags includes Fringe on 3 sides, pole sleeve to fit up to a 1 1/4" pole inside of sleeve. (secures flag to pole). See fringe colors above.

Applique Banners are priced standard with sleeve at top and includes a sectional aluminum pole, acorn end caps, bottom fringe and a tassel cord to hang banner. *Some Intricate artwork may be printed then stitched on for a sleek and sharp appearance. Sewn letters must be a minimum of 1" tall.

Run-through and backdrop banners are priced standard with applique imprint on front only. Run-through banners are sewn with center velcro closure and two vertical sleeves with d-rings (use d-rings to secure banner in place). Backdrop banners are sewn with sleeve at top or grommets top and bottom. * Intricate artwork will be printed then stitched on for a sleek and sharp appearance. Sewn letters must be a minimum of 1" tall.

- ✓ White Corrugated Plastic
- ✓ Finished With Grommets
- ✓ Printed 1 or 2 Sides
- ✓ Multi-Purpose Sign
- ✓ Printed or Vinyl Lettered

*See Artwork requirements on page 2

Price for custom printed plastic corrugated signs is for screen printing on one side and finished with or without grommets using UV resistant inks. Corrugated plastic comes in white, but may be available in several color choices for larger quantities. Please specify if flutes are vertical or horizontal. For most of our mounting hardware the flutes should run vertical.

Vinyl lettered message signs are text messages with block lettering on one side only. Finished with or without corner grommets.

Nylon attention flags are priced standard with header and brass grommets. Single panel construction with double stitched perimeter for durability. For multi-panel designs or pole sleeves additions see prices below. Choose panel colors from either standard or premium color listing. If combining standard and premium colors together please use premium color price list.
