13.0 RAW DENIM OZ JEANS

100% Cotton
13.0 oz.

Available sizes:
Waist 30" ~ 44"
Inseam 30", 32"

RAW

Raw denim is dry or unwashed denim. The denim has not undergone any of the usual washing and distressing processes from mass produced brands. It comes straight off the loom and is cut and sewn into jeans and then sold to you.

Shaka Wear's raw denim allows the wearer to personalize the pants to their unique shape, with creases and fade marks forming to their body type.

Tell your story with Shaka Wear's raw denim.

STONE WASHED

The process of stone washing involves placing denim into an industrial washer along with large stones. The stones wear down the stiff denim fabric while it's being washed to give the denim a worn-in look, increasing softness and flexibility. Shaka Wear's straight fit, stone washed denim comes in two colors, dark and light blue, bringing you a comfortable, aesthetically beautiful streetwear look.
