

Expedite Shipping. Your Challenge is Our Passion.

Critical shipments require critical attention and our Expedite team delivers just that. Let your emergency be our opportunity! Ascent On-Demand provides premium mission-critical air and ground transportation solutions across North America for companies requiring reliable logistics and high-level service. Committed to delivering time-definite supply chain solutions, we specialize in:

- >>> **Ground Expedite:** Cutting-edge bid board technology and best-in-class providers, backed by our assets
- >>> **Air Charter:** Largest asset-backed Air Charter Management provider the contiguous United States and Alaska
- >>> **Air Freight:** Worldwide partnerships and expert customer service
- >>> **On-Board Courier:** 90+ couriers worldwide with total visibility
- >>> **Spot Buy Truckload:** Partnerships across the nation through our bid board portal

We do not discriminate loads based on size, weight or value, but we do love a challenge. Whether you have a one-time shipment or are looking for a transportation manager to partner with, our team takes the guesswork out of your supply chain, allowing your team to focus on key business initiatives.

Who says logistics has to be complicated? We certainly didn't. Contact the Ascent team to learn more.
