Give peace-of-mind when you package take-out food and other essential delivery items safely within this tamper-evident paper shopping bag. Secure bag contents from potential tampering using the easy-peel adhesive strips, placed on both sides of the bag, which create a secure seal. As the demand for delivery services and stricter safety measures continues to increase, we are proud to provide you with a bag that restaurants, delis, bakeries, coffee shops, and a wide array of essential businesses can utilize. Our delivery bag is constructed from premium 120 GSM natural kraft Paper, with 40% post-consumer content.

# Peace of Mind. Delivered.

# CUSTOM PRINTED TISSUE

## MAIN THINGS TO CONSIDER

**MINIMUM ORDER QUANTITY:** 10-100 reams varying by amount of printing colors.

# OF SPOT COLORS	MOQ
1 color imprint	10 Reams
2 color imprint	30 Reams
3 color imprint	50 Reams
4 color imprint	70 Reams
5-8 color imprint	100 Reams

This info applies to 20"x30", 480 sheets per ream. Other sheet sizes are available.

**IMPRINTING METHOD:** PMS spot color.

**STANDARD LEAD TIME:** 4-6 weeks after proof approval (may vary by season).

**OVER/UNDERRUN:** 10%

**PRE-PRODUCTION SAMPLE CHARGE:** Proofs and draw-downs are priced according to each job and are available only upon request.

## FOR A QUOTE PLEASE INCLUDE THE FOLLOWING INFORMATION ON YOUR QUOTE REQUEST.

### TISSUE COLOR

White, kraft, or any stock color tissue.

### DESIRED PMS INK COLOR/S

Please indicate the PMS color/s required.

### INK COVERAGE

Please indicate the ink coverage percentage.

### SHEET SIZE

Standard sheet size is 20" x 30". Please call for additional sheet sizes available.

### QUANTITY OF REAMS & PACKAGING SPECS

Please indicate the quantity of reams required. Also indicate your packaging requirements.

### ARTWORK

All artwork must be submitted for review by the art department. Please refer to page 86 for information on artwork submission.

### DESIGN DIRECTION CHART

Please be sure to specify which of the below design directions is required.

The information needed for us to provide you with a timely and accurate quote includes, but is not limited to the above mentioned information.

For file upload details see page 94. For decoration guidelines and color options see pages 95-97.

# ORGANZA & GUSSETED ORGANZA BAGS

# SOURCING studio POWERED BY LPWS

I am simple yet complicated.

“I am simple yet complicated” is a common quote that can apply to many things including a customized bag. However, it’s all just a matter of understanding components and taking one step at a time.

We invite you to explore the main Building Blocks needed to create a custom bag.

**YOU WILL BE A CUSTOM BAG MASTER IN NO TIME!**

**LET'S GET STARTED!**

**REUSABLE**

**PAPER**

**PLASTIC**

# REUSABLE - Building Blocks 101

## SUBSTRATE/MATERIAL - WHAT WILL YOUR BAG BE MADE OF?

### SYNTHETIC SUBSTRATES:

**NON-WOVEN POLYPROPYLENE (GSM)** - Most commonly used.

**WOVEN POLYPROPYLENE (GSM)** - Lowest GSM available is 80 GSM.

**PET (POLYETHYLENE TEREPHTHALATE) (GSM)** - PET is a form of polyester (just like the clothing fabric).

**RECYCLED PET (LAMINATED) (GSM)** - Lamination on RPET is highly essential and considered standard.

**POLYESTER(D)** - Lamination is not available on this material.

**NYLON (D)** - Lamination is not available on this material.

**Let's talk a bit about LAMINATION:** Lamination provides rigidity, strength and a smooth surface that protects your bag from becoming creased, faded, water damaged, wrinkled, stained, smudged, abraded, or marked by grease or fingerprints. Most Synthetic Substrates/Materials can be laminated!

Non-Woven Polypropylene  
with NO lamination

Woven Polypropylene  
with Matte Lamination

PET / RPET  
with Gloss Lamination

Polyester / Nylon

### DURABILITY MATTERS

Durability is important for bags intended to be reused. The common units of measure for our synthetic substrates are:

**GSM** (grams per square meter) - a metric unit of density used to measure the thickness of fabric or paper. A high GSM renders a thicker more sturdy and durable bag.

**D** (Denier) - a non-metric unit of density used to determine the fiber thickness of individual threads or filaments used in the creation of textiles and fabrics. Higher denier counts tend to be thick, sturdy, and durable while lower denier counts tend to be sheer, soft, and silky.

**COLOR IMPACTS** "Color is a power which directly influences the soul." - Wassily Kandinsky

It is no secret that color is an important part of branding and it is also key to the successful construction of your customized bag. Our custom capabilities allow you to select your material in a single color, duo-tone or even multi-tone!

**COLOR OPTIONS** - we have a set of "stock colors" that you can choose from or you can request a "custom color". When requesting custom colors, please indicate either a PMS match number or specific CMYK values to ensure correct color matching. **Please note that jobs requiring custom color/s may result in a larger MOQ and longer leadtimes.**

# REUSABLE - Building Blocks 101

## NATURAL SUBSTRATES:

**COTTON/CANVAS (OZ)** - Most commonly used.

**JUTE - WITH LINING (OZ)**

**JUTE - WITH NO LINING (OZ)**

Cotton / Canvas

Jute - with lining

Jute - with NO lining

---

## DURABILITY MATTERS

The common unit of measure for our natural substrates is:

**OZ** (onces per square yard) - a non-metric unit of density used to measure the thickness of paper and fabric.

## COLOR IMPACTS

**COLOR OPTIONS** - Often, natural fabrics are preferred in their natural/undyed state. However, if that is not the case for you then simply tell us what you need! Our team will work with our factories to determine if your request matches available stock colors or if a custom color is needed. When requesting custom colors, please provide either a PMS match number or specific CMYK values to ensure correct color matching.

*Please note that jobs requiring custom color/s may result in a larger MOQ and longer leadtimes.*

## MODEL - WHAT'S YOUR STYLE?

What model will give your project the perfect combination of functionality, style and branding potential?

The most popular model is the Tote, for its wide range of uses, functionality and imprinting surface area. Insulated products are also in high demand, especially in the Grocery Tote, Cooler and Lunch Bag styles. Another popular style is the Bottle Bag which can be designed to match the shape and number of bottles your project requires, plus insulation can be added too!

*If you don't see the model you are looking mentioned here, please provide a description of the model you have in mind.*

# REUSABLE - Building Blocks 101

## HANDLES - HOW WILL YOUR BAG BE HELD?

How your bag is held can have a major impact on how it will be valued. Handles play a key role in your bag's functionality but when designed creatively they can also add style and character to your bag. When thinking about handles here are the factors to consider:

### TYPE:

Standard (2) - front and back  
Shoulder Strap (1) - gusset to gusset  
Adjustable Shoulder Strap (1) - gusset to gusset

### SUBSTRATE/MATERIAL:

Same as bag  
PP Webbing  
Other

### COLOR/S:

Same as bag  
Other

**SIZE:** What is the desired width (thickness) and length (from top of bag) of the handle/s.

### ENHANCEMENTS:

Durability: X-Cross Stitch Reinforcement, Horizontal Strap Reinforced, Full Panel Length.

Functionality: Double Handles, Velcro Handle Grip.  
Style: Binding, Grommets.

## STITCHING & BINDING - IT KEEPS THINGS TOGETHER!

It's not every day that you have to stop to contemplate sewing terms like stitching or binding but we're here to help with such details so you can get an accurate quote and a well constructed product. To keep things simple, we have broken this down to the best of our ability - It comes down to the following:

### STITCH TYPE:

Seams overlocked stitch  
Seams single stitch  
Seams double stitch

### THREAD COLOR:

Same as bag  
Other

### BINDING MATERIAL:

Same as bag  
Other

### BINDING FINISH:

Cut Top Binding  
Fold Over Binding

### BINDING TYPE:

Sewn OUTSIDE seams  
Sewn INSIDE seams  
No binding

*In sewing, binding is used as both a noun and a verb to refer to finishing a seam or hem of a garment, usually by rolling or pressing then stitching on an edging or trim (sewing).*

### BINDING COLOR:

Same as bag  
Printed (binding is color coated)  
Stock Color  
Other

# REUSABLE - Building Blocks 101

## POCKETS - THEY KEEP THINGS NEAT!

We hear that bags with pockets are all the rave! They certainly do add to the functionality of a product and can also add a stylish touch. Your bag does not need to have pockets but should you be interested, here's a brief 101 on pockets. To keep things simple we have broken this down to the best of our ability - It comes down to the following:

### **MATERIAL:**

Same as bag  
Clear Vinyl  
Mesh Fabric  
Other

### **OPTIONS:**

Zipper  
Velcro  
Snap  
Elastic Band  
None

### **LOCATION:**

Left Side Gusset  
Right Side Gusset  
Both Side Gussets  
Front only  
Back only  
Front & Back

## MAIN CLOSURE - IT KEEPS THINGS IN!

Protecting the valuables within a bag is something many people want. Does the bag's intended use call for a closure, does your budget allow for it? Should a closure be needed, here are the most commonly used options:

### **TYPE:**

#3 Zipper- standard  
#5 Zipper- standard  
#3 Zipper- flap  
#5 Zipper- flap  
Plastic Snap  
Metallic Snap  
Ribbon Tie  
Cord Tie

### **COLOR:**

Same as bag  
Other

## ADDITIONAL OPTIONS - SUCCESS IS IN THE DETAILS!

Adding some final touches can take your project from great to excellent! Here is a listing of the most common enhancements:

### **DURABILITY:**

Sewn-in Cardboard Reinforced Handles

### **FUNCTIONALITY:**

PVC Bottom Board - loose  
PVC Bottom Board - loose & match covered  
PVC Bottom Board - sewn-in & match covered  
EPE Padded Foam - sewn-in & match covered  
Sewn-in Cardboard Bottom Insert  
Clear Vinyl Sleeve

### **STYLE:**

Key Loop  
Hang Tab

# PAPER - Building Blocks 101

## SUBSTRATE/MATERIAL - WHAT WILL YOUR BAG BE MADE OF?

Available in both Standard Substrates, which are stock options, and Specialized Substrates which allow for more customization but require a larger MOQ and longer leadtimes.

### STANDARD SUBSTRATES:

**NATURAL KRAFT** - A type of natural paper that has no coating and is normally natural/brown in color.

**WHITE KRAFT** - A type of natural paper that has no coating and has gone through a bleaching process.

**40% PCR NATURAL KRAFT**

**40% PCR WHITE KRAFT**

**COATED KRAFT PAPER**

**BLACK KRAFT PAPER** (Beater Dyed, Un-Coated)

**ONE SIDE COATED WHITE ART PAPER**

**WHITE ART PAPER**

**IVORY ART PAPER**

### SPECIALIZED SUBSTRATES:

**BEATER DYED PAPER** - A type of paper that is dyed in the manufacturing process when the material is still a slurry, resulting in a paper that is a solid color all the way through the paper. If cut or ripped, the inside of the sheet or fiber is colored the same as the outside

**COLOR FLOOD COATED PAPER** - A type of paper to which a thin layer of ink is applied uniformly (flooding) in order to achieve a certain color (coating). If cut or ripped, the inside of the sheet or fiber is NOT colored the same as the outside.

**ART & CRAFT PAPER\*** - a type of paper with a more artistic quality due to its texture and/or color composition. \*Must provide a physical sample that we can use to locate a match.

### DURABILITY MATTERS

Durability requirements are dependent on the bag's intended use. Take a moment to reflect on the type of items that will be going into the bag to help you form an idea of how durable it must be. The common unit of measure for our standard substrates is:

**GSM** (grams per square meter) - a metric unit of density used to measure the thickness of fabric or paper. A high GSM renders a thicker more sturdy and durable bag.

**COLOR IMPACTS**      "Color is a power which directly influences the soul." - Wassily Kandinsky

Commonly, custom paper bags will use a standard substrate without the need for additional coloring. In some cases, there is need for color and/or even texture. In these cases, it is likely that the coloring will take place via the imprinting process. However, there are also instances when the material substrate itself must undergo colorization in order to achieve the desired end look; for this we offer specialized substrates that can be Beater Dyed or Color Flood Coated. In rare cases, Art & Craft paper can be used, granted that we are provided a physical sample that we can use to locate a match.

A Paper Bags is constructed from one single piece of material and therefore there is only the option of a single color. If your project requires that there be more than a single color (example: main panels in Blue with gussets in Purple) you can achieve this through the imprinting process. More on that in our section for Imprinting Capabilities.

**COLOR OPTIONS** - Basic/popular colors are covered within our standard substrate offering. However, if you require a different color then simply tell us what you need! Please do indicate either a PMS match number or specific CMYK match values to ensure correct color matching. **Please note that jobs requiring specialized substrates may result in a larger MOQ and longer lead times.**

# PAPER - Building Blocks 101

## MODEL - WHAT'S YOUR STYLE?

What model will give your project the perfect combination of functionality, style and branding potential?

The most popular models are the Eurotote and the Shopper but no one says you need to follow the trend so take a look at some popular models available for paper!

## SIZE - IT NEEDS TO BE RIGHT!

Definition: noun \ˈsīz\ The relative extent of something; a thing's overall dimensions or magnitude; how big something is.

Point to remember is that we most definitely need to know what size to make your bag.

## TOP FINISH - SMALL BUT IMPORTANT DETAIL!

Paper bags require that you take a moment to determine what finish you want the top of your bag to have. This decision is typically based on style preference but can also be influenced by cost. Here are the 3 top finishes to consider:

## HANDLES - HOW WILL YOUR BAG BE HELD?

How your bag is held can have a major impact on how it will be valued. Handles play a key role in your bag's functionality and if designed creatively they can also add style and character to your bag. When thinking about handles here are the parts to consider:

**SIZE:** What is the desired width (thickness) and length (from top of bag) of the handle/s. Here you can also select "standard" and our team will note that you would like to apply the handle size that is an most commonly on similar bags.

**COLOR/S:**

Same as bag

N/A (not all paper bags require handles)

Other

# PAPER - Building Blocks 101

## HANDLES (CONTINUED)

**TYPE:** Take a look at the most commonly used handle types for custom paper bags. If you do not see what you need, let us know what you have in mind and we will work to make it happen!

**OPTIONS:** Additional features, such as grommets/eyelets, double handles, etc., can be added to improve the stylish quality and functionality of your bag.

## ADDITIONAL OPTIONS - SUCCESS IS IN THE DETAILS!

Additional measures can be taken to increase the durability and functionality of your bag. Examples of such added features are:

- Cardboard Bottom Board
- Cardboard Turn Top Reinforcement Board
- Ribbon Tie Between Rope Handles
- Snap button closure

# PLASTIC - Building Blocks 101

## SUBSTRATE/MATERIAL - WHAT WILL YOUR BAG BE MADE OF?

**LOW DENSITY FILM (LDPE)** - a type of plastic that is ideal for applications requiring superior durability and strength. LDPE is soft, low barrier, good clarity film.

**HIGH DENSITY FILM (HDPE)** - Better grease barrier and moisture barrier than low density film (LDPE). Often seen in natural (frosty color) and white. Stiffer and harder than LDPE film. Tensile and bursting strengths are much better than LDPE ones, but impact and tear strengths are lower.

**FROSTED HIGH DENSITY FILM (FROSTED HDPE)** - Not fully clear, nor white, but of a frosty quality.

### DURABILITY MATTERS

Durability requirements are dependent on the bag's intended use. Take a moment to reflect on the type of items that will be going into the bag to help you form an idea of how durable it must be. The common unit of measure for our plastic is:

**MIL (THOUSANDS OF AN INCH; 1 MIL = 1/1000 INCH)** - a metric unit of density used to measure the thickness of plastic films.

Here are some common everyday bags and their associated Mil thicknesses:

- A grocery store bag is 0.65 mil
- A dry cleaning bag is 0.75 mil
- A bread bag is 1.5 mils thick
- A freezer bag is generally 1.75 mils
- A retail shopping bag is usually 2.5 mils

Note that the clarity of a bag is affected by the thickness. A 4 mil bag would not be as clear as a 1 mil bag.

**COLOR IMPACTS** "Color is a power which directly influences the soul." - Wassily Kandinsky

Plastic films can be color tinted prior to the imprinting process. However, in most cases, the bag color is achieved as part of the imprinting process rather than prior. The best course of action is typically determined upon review of your artwork.

**COLOR OPTIONS** - Most custom plastic bags will use a White, Black or Clear film. However, there are times when other colors are required and we can certainly make that happen for you! Simply tell us what you need and our team will work with our factories to determine if your request matches available stock colors, if color tinting is needed, or if the color/s would be best achieved during the imprinting process. Please do indicate either a PMS match number or specific CMYK match values to ensure correct color matching. *Please note that jobs requiring custom color/s may result in a larger MOQ and longer leadtimes.*

# PLASTIC - Building Blocks 101

## MODEL - WHAT'S YOUR STYLE?

When it comes to plastic bag models, it helps to break things into parts, as we've done below. As you will see, there are many possibilities, but if you do not see what you need please give us a description of the model you are looking for and we will work to make it happen!

## MINIMUM ORDER QUANTITY GUIDELINES (Quantities displayed are approximations, actual MOQ might vary)

1,000 - 3,000 pieces.	1,000 - 5,000 pieces.	5,000 - 6,000 pieces.
-----------------------	-----------------------	-----------------------

## PRODUCTION & DELIVERY TIME - DOMESTIC ORDERS (Does not account for delays caused by National Holidays or weather delays)

n/a	6-8 weeks from final artwork approval.	4-6 weeks from final artwork approval.
-----	--	--

Orders ship out of manufacturing facility and delivery times are calculated on a per job basis.

*TIP: Please indicate the delivery schedule that your customer requires. This will enable us to determine costs based on the most appropriate delivery method.*

**PRE-PRODUCTION SAMPLE TIMELINES:** Typically 3-4 weeks after receipt of your final artwork approval but may vary depending on season, product construction details and/or factory capabilities. A firm timeline will be provided to you upon approval to proceed with the creation of pre-production sample.

## PRODUCTION & OCEAN DELIVERY TIME - OVERSEAS ORDERS (Does not account for delays caused by National Holidays or weather delays)

9-11 weeks from pre-production sample approval. Includes, ocean delivery to Brea, California.	9-11 weeks from pre-production sample approval. Includes, ocean delivery to Brea, California.	11-13 weeks from pre-production sample approval. Includes, ocean delivery to Brea, California.
--	--	---

*TIP: Please indicate the delivery schedule that your customer requires. This will enable us to determine whether overseas sourcing is an option and whether to determine costs based on ocean or air freight (when requested and/or where feasible).*

## FOREIGN NATIONAL HOLIDAY CLOSURES

Foreign holiday closures will be observed. Please expect production delays for all overseas custom orders during this time. Please contact your representative for more information on affected dates.
---

## CUSTOM COLOR MATERIAL MINIMUM REQUIREMENTS

Non-Woven Polypropylene in a custom color, outside our stock color offering, will require a MOQ of approximately 15-20 thousand pieces. Contact us for details on requirements for other materials.	Projects requiring Color Flood Coated Paper will require a MOQ of one thousand pieces. Contact us for details on requirements for Beater Dyed Paper.	TBD
---	--	-----

## STANDARD OVERRUN/UNDERRUN POLICY

10%	10%	Order qty. up to 10 thousand - 25% Order qty. 10 to 25 thousand - 15% Order qty. 25 thousand plus - 10%
-----	-----	---

**QUOTE REQUEST TURN-AROUND:** 24-48 hours.

**VALID QUOTE PERIOD:** Quotes are valid for 15-30 days. Provided quote will state validity period.

**FOB POINT - DOMESTIC ORDERS:** FOB manufacturing facility location.

**FOB POINT - OVERSEAS ORDERS:** FOB Brea CA, 92821.

**AIR SHIPMENT/FREIGHT:** Air shipment/freight options are available. Please contact supplier for details.

**PRE-PRODUCTION SAMPLE COSTS:** Quotes are valid for 15-30 days. Provided quote will state validity period.

**RANDOM SAMPLES:** Random samples to match your request may be available but not guaranteed. Submit your request for review by our sample department.

**DETERMINING CASE PACK:** Factory will determine case pack quantities unless otherwise indicated.

**SPECIAL PACKAGING OPTIONS:** Available when requested. Special packaging requirements must be addressed when submitting quote request.

**PAYMENT TERMS:** Payment terms will be based on credit approval.

**SALES TAX:** Valid Reseller Certificate is Required. If no Valid Reseller Certificate is provided, the appropriate tax will be applied according to current tax laws.

**DISCLAIMER:** Quoted prices include only what is noted on quotation form; if it is not noted in the quotation form then it is not reflected in the price provided. Quoted price is subject to change upon final artwork approval.

# ORDERING INFORMATION

## ORDERING INFORMATION

All orders must be received in writing via email or fax. Phone orders cannot be accepted.

For accurate service, please include the following on your purchase order:

- Item number, style, color, quantity and pricing
- Requested in-hands date (if applicable)
- Imprint color, size and position
- Ship to address and shipping method

Artwork sent must reference your purchase order number. Unless otherwise noted, the imprint will be centered within the printable area of the bag; due to bag construction this printable area may not be the exact center of the bag.

Email artwork and purchase order together to: [orders@gopwsproducts.com](mailto:orders@gopwsproducts.com)

Email blank goods purchase order: [orders@gopwsproducts.com](mailto:orders@gopwsproducts.com)

Fax purchase order to: (800) 590-8311

**IMPORTANT:** Please include PO # in the email subject line.

## ACKNOWLEDGEMENTS

Every order is acknowledged in writing. Please review this acknowledgement carefully and contact us immediately with discrepancies. If acknowledgement is not received within two days, please call to verify receipt. Any changes made after order acknowledgement must be confirmed in writing and may incur additional charges and/or production time.

## PRODUCTION TIME AND RUSH SERVICES

See pages 98-99 for details on production time and rush service.

Due to potential seasonal rush demands, production schedules may vary. Printed merchandise must be accepted.

## PAYMENT/CREDIT POLICY

For new accounts, a new customer application must accompany your order. All new customers are pre-paid. Orders will not ship without credit approval or pre-payment. We accept Visa, MasterCard and Discover. Deposit may also be required on large quantity import products, whether or not dates are maintained.

## LESS THAN MINIMUM (IMPRINTED ORDERS)

Only available on Silkscreen imprint orders for a charge of \$50.00 (g). Only half of first column quantity available.

## BROKEN CASES (BLANK OR IMPRINTED ORDERS)

Only available on Polypropylene, Polyester and Cotton products for a charge of \$10.00. Only half case breaks available

## SHIPPING

### F.O.B. POINT FOR DOMESTIC ORDERS (BASED ON SHIP-TO LOCATION):

**F.O.B. Brea, CA, 92821:** Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

**F.O.B. Portland, TN, 37148:** Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia and Wisconsin.

**OVERSEAS ORDERS:** F.O.B. Brea, CA, 92821.

**METHOD OF SHIPPING:** UPS Ground or Common Carrier. If applicable, please specify in-hands date deadline and requested shipping method on purchase order. As it is common for us to ship early, we reserve the right to determine the appropriate shipping method to meet your deadline.

**SHIPPING WEIGHT:** Case weights listed in our catalog are approximate. We cannot be responsible for differences in actual freight versus quoted freight charges.

**SPECIAL FREIGHT FEES:** Inside delivery, residential, redelivery, COD, international, Alaska, Hawaii and Puerto Rico incur additional shipping fees. We reserve the right to submit supplemental invoices after the original invoice has been issued. Freight and duty must be charged on your freight account.

**DROP/SPLIT SHIPMENTS:** \$20.00 (a) per destination on shipments going to more than one location. Drop shipments may not be available on all items. Maximum 10 locations. For 10+ locations, please call for quote.

**HANDLING FEE:** \$2.00 per order.

**RE-BOXING:** \$15.00 per box, not available on all items.

**SPECIAL PACKAGING, TAGGING, INSERTS:** Call for quote.

## CHANGES AND CANCELLATIONS

All changes must be in writing via e-mail or fax. Any changes in shipping must be made 3 days prior to ship date. Cancellations must be e-mailed or faxed. All cancellations requested after order acknowledgement will incur minimum \$40.00 (a), plus charges for the work completed at the time of cancellation, including artwork, set-up, plates, material and labor costs. Artwork review time incurred on custom products will incur a graphic charge.

# ORDERING INFORMATION

## RETURNS & CLAIMS

Only unprinted bags may be returned for credit. A 20% restocking fee applies as well as all original freight and return freight charges. All claims must be submitted within 30 days of receipt of goods. Merchandise will not be accepted without prior authorization and a return number issued by the factory. Please contact us for a Return Merchandise Authorization number. No credit will be issued if product was not used in its normal course. Goods must be returned within 2 weeks after authorization is given or the claim will be voided.

Claims must be settled within 30 days of invoice date. Once shipments are picked up, the carrier assumes full responsibility for delivery of the order. If shipment arrives damaged or delayed, all claims must be filed with carrier.

## PRE-PRODUCTION PROOFS

Hot Stamping: \$90.00 (a) + applicable plate and art charges.

Ink Printing: \$90.00 (a) + applicable plate and art charges.

Silkscreen: \$90.00 (a) + applicable screen and art charges.

Color Magic or Spot Magic: \$150.00 (a) + applicable screen and art charges.

**DIGITAL PROOF/ VIEWING FILE CHARGES:** First digital proof/viewing file and 1 revision are free. Each additional viewing file requested will incur a \$30.00 (a) charge.

## VIRTUAL SAMPLE REQUESTS

Virtual sample requests should be emailed directly to your Account Executive or [virtualse@gopwsproducts.com](mailto:virtualse@gopwsproducts.com). All virtual requests are subject to review when determining applicable charges. Typically, simple virtuals are free and the turnaround time is 24 hours. For complex virtuals the turnaround time is 2-3 days. Cost, if any, depends on level of complexity of the request. Multiple revision requests for virtuals will incur additional charges determined on a per job basis. A virtual sample is not equivalent to a proof.

## PHYSICAL SAMPLE REQUESTS

Physical sample requests should be emailed directly to your Account Executive or [samples@gopwsproducts.com](mailto:samples@gopwsproducts.com). Maximum of 3 samples. Must include shipper number at time of request. With sufficient inventory, sample(s) will ship within 48 hours of request.

## ADDITIONAL NOTES

- Products and logos shown in this catalog are intended ONLY to illustrate the basic products and options, not to suggest that the imprints are readily available for any purchase without the permission from the owners of the trademark, copyright or logo.
- All artwork submitted is assumed to be in full compliance with the laws governing copyright, trademark, etc. Purchasers, by placing orders, agree to accept full responsibility for any damage, costs and/or expenses resulting from the use of artwork.

**DUE TO VOLATILITY OF FUEL/RAW MATERIAL COSTS, PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. PLEASE CHECK OUR WEBSITE FOR CURRENT PRICING.**

## READING OUR BAG DIMENSIONS

Hidden Bottom Gusset ONLY:

Width x Height + Hidden Bottom Gusset Width

Sample Product Size: 15 x 16 + 4

Bottom & Side Gusseted:

Width x Side Gusset x Height x Bottom Gusset

Sample Product Size: 13 x 5 x 13 x 5

# FILE SPECIFICATIONS

When submitting artwork, please follow the recommendations on this page to help ensure the best quality of your imprint. Artwork not meeting these standards may incur additional production time and charges.

## Submitting Artwork

- Email: Please send your art files and purchase order together to **orders@gopwsproducts.com** and state PO# and company name in the subject line.
- For large files (anything exceeding 7 mb) we recommend using our file sharing website. Here's how:
  1. Go to **pws.wetransfer.com**
  2. Select the files you wish to upload.
  3. Be sure to **reference your PO#** in the message field.
  4. Hit Transfer.
  5. You will receive E-mail confirmation once your files are received.

## Accepted Programs and File Formats

### PREFERRED PROGRAMS

Adobe Illustrator - Saved as **.ai**, **.eps** or **.pdf** - Fonts converted to outlines.

### ACCEPTED PROGRAMS

Corel Draw - Export files as **.ai** - Convert all text to curves.

Freehand - Export files as **editable EPS** - Convert all text to paths.

## Fonts

All fonts must be converted to outlines/curves/paths. Be sure to send all screen and printer fonts. If fonts are not properly sent delays on your job can occur.

Free fonts used for typesetting:

- Times New Roman
- Arial

## Mechanical Artwork

Mechanical art is camera-ready and is the size to be printed; is crisp black and white; requires no touch-up.

## Digital Artwork

The best and highest quality imprints are made from VECTOR ART.

**VECTOR ART** is made up of paths which are defined by points, lines and curves and represented by mathematical equations. Vector art can be scaled to any size and retain its proportions, sharpness and detail at no loss in quality.

Note: A scanned image (e.g. .jpg, .gif, .bmp, .tiff, .psd, .pdf) or art created in a photo/paint program is not vector art, it is a raster image.

**RASTER IMAGE** is a collection of pixels or dots arranged in a rectangular grid known as a bitmap. Scaling a raster image to a larger size results in less quality as the pixel squares get bigger and create jaggy edges on the image. In addition, placing, embedding, or linking these images into a drawing program does not convert them into vector art and they do not meet our requirements. If raster images are the only available art, they must be at least 300 dpi at actual print size.

## Vector Vs. Bitmap

Vector will retain its integrity when the size is modified. The bitmap loses its quality when it is enlarged because each individual pixel is increased.

## Resolution

Amount of pixels in an image, measured in dots per inch (dpi).

# SILKSCREEN - ART GUIDELINES & INK SELECTION

## Silkscreen Artwork Guidelines

- Color registration requirements are minimal, but do exist and must be pre-approved. Please note that some color over-lapping may still occur.
- More than 1 color imprinting is not available on some products.
- Minimum requirement for line thickness is 1.5 stroke points.
- There is more movement when Silkscreening on insulated products.
- Thicker text is recommended for textured products.
- Artwork with large coverage or fine print is not recommended as it may not produce a good quality imprint.
- Halftones are not recommended.
- All artwork submitted is subject to review.

## Ink Color Selection

**PMS COLOR MATCH CHARGE:** New Orders: \$78.75 (g) | Repeat within 6 months: \$39.00 (g)

**IMPORTANT NOTE:** We will custom mix colors to get closest match to your requested PMS color but an exact match can not be guaranteed.

The PMS Colors indicated are only reference approximations of actual colors printed on white bags.

Bag color will alter the shade, tone or hue of the ink, especially light color ink - such as white ink - on dark color bags.

Certain ink and bag color combinations are not recommended. Please call for more details.

**NOTE:** Our imprinting processes operate in a post-production environment in which imprinting takes place on a product which is already constructed. In some cases folds and creases produced in manufacturing the bags result in some restrictions that may impact certain artwork's printability and available imprint area. Also, artwork position on post-printed products may vary slightly from product to product due to manual feeding.

The colors on this page are 4 color process simulations of Pantone colors. Actual colors may vary.

# FLEXO INK - ART GUIDELINES & INK SELECTION

## Ink Print Artwork Guidelines

- Colors must be separated by at least 1/2" to allow for color movement. Please note that some color overlapping may still occur.
- More than 1 color imprinting is not available on some products.
- Minimum requirement for line thickness is 1 stroke point.
- Reverse out printing line thickness is 2 stroke points to avoid losing fine details.
- Artwork with a border, large coverage or fine print is not recommended as it may not produce a good quality imprint.
- Boxed artwork exceeding 5" x 5" will need approval on plastic bags.
- For best results, halftones should range from 20% to 40%. Standard halftone printing is 35LPI, at a 45 degree angle.
- Artwork with halftones must be pre-approved by our art department.
- All artwork submitted is subject to review.

## Ink Color Selection

**PMS COLOR MATCH CHARGE:** New Orders: \$78.75 (g) | Repeat within 6 months: \$39.00 (g)

**IMPORTANT NOTE:** PMS matching is available on White bags only. We will custom mix colors to get closest match to your requested PMS color but an exact match can not be guaranteed.

**INK WASH CHARGE:** \$30 (g)

**PLATE CHANGE CHARGE:** \$20 (g)

The PMS colors indicated are only reference approximations of actual colors printed on white bags. Bag color will alter the shade, tone or hue of the ink, especially light color inks on dark color bags. Certain ink and bag color combinations are not recommended. Please call for more details.

**NOTE:** Kraft paper bags tend to absorb ink, causing color variance that can make colors look slightly muted in tone.

**NOTE:** Our imprinting processes operate in a post-production environment in which imprinting takes place on a product which is already constructed. In some cases folds and creases produced in manufacturing the bags result in some restrictions that may impact certain artwork's printability and available imprint area. Also, artwork position on post-printed products may vary slightly from product to product due to manual feeding.

# HOT STAMP - ART GUIDELINES & FOIL SELECTION

## Hot Stamp Artwork Guidelines

- A movement of about 1/32" to 1/16" per color will occur. Designs with tighter registration must be pre-approved.
- More than 1 color imprinting is not available on some products.
- Minimum requirement for line thickness is 1 stroke point.
- Reverse out printing line thickness is 2 stroke points to avoid losing fine details.
- Artwork with large coverage or fine print is not recommended as it may not produce a good quality imprint.
- Boxed artwork exceeding 5" x 5" will need approval.
- Halftones are not recommended.
- All artwork submitted is subject to review.

## Foil Color Selection

**PMS COLOR MATCH CHARGE:** PMS matching is NOT available on Hot Stamp.

**FOIL CHANGE CHARGE:** \$30 (g)

**PLATE CHANGE CHARGE:** \$20 (g)

The colors indicated are only reference approximations of actual colors hot stamped on white bags. Bag color will alter the shade, tone or hue of the foil, especially light color foil, such as white, on dark color bags. Certain foil and bag color combinations are not recommended. Please call for more details or to order foil swatch samples.

### MATTE METALLIC FOIL

### SATIN FOIL

### MATTE FOIL

### METALLIC FOIL

**NOTE:** Our imprinting processes operate in a post-production environment in which imprinting takes place on a product which is already constructed. In some cases folds and creases produced in manufacturing the bags result in some restrictions that may impact certain artwork's printability and available imprint area. Also, artwork position on post-printed products may vary slightly from product to product due to manual feeding.

The colors on this page are 4 color process simulations of Pantone colors or Foil colors. Actual colors may vary.

# DECORATION, PRODUCTION TIME AND RUSH INFO

## HEAT TRANSFER

A four color process and/or Pantone® color(s) match printed on a heat transfer material then heat pressed onto the product.

Available on most non-woven polypropylene, denier polyester, cotton, RPET products and uncoated paper bags.

Color Magic and Spot Magic are not subject to space requirements and are therefore ideal for designs requiring multi-color and close registration. For best results, some minor adjustments may be required. These minor adjustments will be noted on your viewing file proof for approval.

**COLOR MAGIC - CMYK Process Heat Transfer:**

- Images should be in CMYK at a minimum of 300 dpi and provided at actual size.
- Minimum requirement for line thickness is 4 stroke points.

**SPOT MAGIC - Pantone® Match Heat Transfer:**

- For vector based art, Pantone® colors are preferred and will render a more vibrant print.
- Minimum requirement for line thickness is 1 stroke point.

## SILKSCREEN

By applying ink onto a surface through a prepared screen made from a fine mesh.

Available on non-woven polypropylene, ripstop polyester, and cotton products.

## FLEXOGRAPHIC INK

Products run through a flexible photopolymer plate placed on a rotating drum. This process allows for high volume printing.

A cost-effective imprinting process available on most paper bags and plastic bags.

## FOIL HOT STAMP

By using an engraved magnesium plate, heat and pressure, the foil stamp is adhered onto the bag.

Available on boxes, ribbon and most paper and plastic bags. This method provides an upscale elegant look sure to compliment any logo.

For Artwork Guidelines and Color Selection, please see pages 95-97. For file specifications, please see page 94.

To upgrade to Color Magic or Spot Magic, please add the charges indicated below to the original product pricing.

Spot Magic and Color Magic are only available from our California location.

## IMPORTANT NOTES:

PLATES: Flexo and Hot Stamp plates are stored for 3 years. Within those 3 years there are no plate charges applied on exact re-orders. Repeat orders with art changes will be treated as new and will incur plate charges

### PRODUCTION TIME:

- All production times begin after credit and final artwork approval and does not include delivery time.
- Orders larger than end-column quantity will require extra production time.
- Extra production time may be required during peak seasons.
- Unimprinted orders are expected to ship 24-48 hrs after order is received.

### RUSH SERVICE:

- You will be notified within 4 business hours if we can not fulfill your request due to production capacity.
- All rush service orders must be prepaid or on approved credit terms.
- Purchase orders and artwork must be received by 10:00 am PST and the artwork must be print-ready, requiring no art services.
- Please call your account executive for pricing and rush service options on Large Quantity or Overseas orders.
