**CALIFORNIA PROPOSITION 65:** Some products shipped to the State of California are subject to Proposition 65 ("Prop 65") or The Safe Drinking Water and Toxic Enforcement Act of 1986. Prop 65 requires that a "clear and reasonable warning" be provided by a Person/Company in the course of doing business, who manufactures, produces, assembles, processes, handles, distributes, stores, sells, or otherwise transfers a consumer product which he or she knows to contain a chemical known to the state to cause cancer or reproductive toxicity to any person to whom the product is sold or transferred. For the protection of both EMT and our Distributors, EMT will apply the following short-form warning label to immediate product packaging for applicable products when shipping to the state of California.

**WARNING:**
