basecamp®

Conceived in 2012, the Basecamp® Brand started with 2 backpacks. Still best sellers today, the Navigator and Concourse were instant successes. From that point, Basecamp® expanded the collection to fulfill their love for adventure, getting outside, and enjoying the world around them. With superb styling, design, rugged construction, and tremendous value, the Basecamp® brand has grown and expanded rapidly into the preferred choice for the corporate adventurer. They continue to examine our urban jungle, the boardroom, or a corporate event. No matter the level of adventure you seek or route you take to the office, Basecamp® wants to make sure you are comfortable and well equipped for your journey.

The team behind Basecamp® focuses on the details. Creative content specifications are developed while testing innovation stewing over material types. Basecamp® designs take care of all the tactical and technical details. Explore with the confidence that unpaved road, trail, or waterway while Basecamp® gear takes care of the rest. Live bold with style and panache. Live Basecamp® with pleasure.

Circa 2015, Dan Nevins enters the world of Basecamp®. Dan is a 15+ year Army veteran who has made his professional life post-combat as a public speaker, yoga teacher, retreat leader, and the creator of Warrior Spirit Retreat. It's by sheer luck that Basecamp® connected with Dan. Kellie Claudio, SVP

of Sales & Marketing contacted the founder of Wounded Warrior Project® to find a veteran that truly fit the theme of the meeting. Without hesitation, he suggested Dan Nevins, who in turn was the guest speaker for the national sales meeting themed, "If it doesn't challenge you, it doesn't change you." He captivated the Sweda family from the start. His speech was extremely memorable, motivation, captivating, and emotional. Dan believes in connecting, especially when it comes to those who need it most; and that is what led him to Basecamp®. He has fascinated audiences throughout the promotional products industry speaking at several high-profile events and national meetings annually.

The vision for the Basecamp® brand had a conundrum. It was missing a connection to the consumer. We knew in our hearts that Dan was it, he embodied Basecamp®. As Basecamp®'s brand ambassador, Dan was able to offer other veterans the same support he experienced more than a decade ago. He as increased Basecamp®'s brand recognition, and while still giving back to his Warrior Spirit Retreat. Basecamp® is proud to support Dan, he is an integral part of Basecamp®'s DNA now.

Basecamp® is proud to support those who live bold and will be donating \$100,000 in the current calendar year to support Wounded Warrior Project®'s mission to honor and empower wounded warriors.

Going green has never been so important as it is now. It's a tough change to make, but even the smallest efforts make a difference. We can't force people to recycle or change their ways of doing things, but we can be more eco-conscious about the giveaways they are receiving. Eco-friendly giveaways are the new way of reminding recipients they should be doing something to help our environment.

Our wheat straw fiber collection is a great example of small steps we can take to influence an end user. Wheat straw fiber plastic is a natural material used to make eco-friendly products. It is made by taking wheat straw fibers that are left after wheat is harvested and making them into a natural polymer. Wheat straw fiber, by itself, is biodegradable.
