Our Responsibility

**We are Hexa Custom** - a woman-lead OEM manufacturer that has been producing for leading brands within the technical outdoor industry for the past 28-years. We pride ourselves on our lifetime guarantee across all of our products and use name-brand components such as YKK zippers and Allied Sustainable Down. Our products are built to perform and bring brands to life.

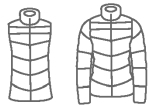

**Let the adventure begin.**

## How it works.

---

We make premium outerwear. But it's our approach that differentiates us from any supplier you've worked with before.

We utilize technology, advanced manufacturing and streamlined logistics to bring brands to LIFE.

**1. Select your base style**

**2. Add the bells and whistles**

**3. Bring it to life with color**

**4. Add a logo and personal touches**

**5. Find the perfect fit**

**6. Fast delivery**

**Explore Our Design Tool**

# Go Ahead, Stand Out From The Rest

## **Quality that makes a difference.**

We believe in bringing brands to life in a meaningful way that lasts.

Quality, fit, and comfort: three factors that affect how long someone will continue to wear their branded product.

Three factors that we've refined over our 30-years in the business of manufacturing technical apparel.

## **Premium fabric, always.**

We use all brand name components such as:

- YKK zippers
- Sustainably harvested Allied Down and Torray fabrics

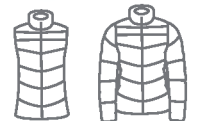

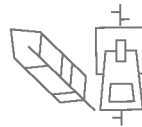

## Our Responsibility

*Every single day we make choices.*

Headquartered in Boulder, Colorado, with a factory in China, we are an outerwear company that is committed to bringing brands to life, in a way that is transparent, honest, and right.

We choose to work with the most incredible, environmentally-sound material suppliers out there, and we choose to provide our employees with a safe, socially, and ethically-positive environment to work in.

And finally, we choose to manufacture premium, high-quality apparel that will fit perfectly and last a lifetime.

Our down is certified & responsibly sourced Allied Feather and Down.

We use sustainably manufactured fabrics from Torray.

We offer supply chain transparency.

All manufacturing is done within our own China-based factory, where we promote fair labor practices and safe working conditions.
