

Packaging Tape

Advertise new products or reinforce brand elements by printing a logo or tag line on custom packaging tape to personalize every package. Reinforced pre-printed packaging tape is water activated and creates a strong bond to ensure your boxes remain sealed during shipping. It's also difficult to peel away and leaves evidence behind if someone tries to tamper with the package. Choose either white or natural kraft printed paper tape in 2.75" x 450' rolls and let your packaging do the heavy advertising lift!

Popular Applications Include:

- **E-Commerce Shipments**
- **Subscription Services**
- **Welcome Programs**
- **Meal Prep Delivery Services**
- **Consumer Packaging**
- **B2B Fulfillment**
