Envelope Liners

Every invitation suite in the Mitzvah Collection offers a coordinating envelope liner, but you can mix and match any envelope liner with most invitations for a custom designer look. Go online to see artwork color options.

Colored Envelopes

Colored envelopes are an excellent way to add bold style to any Mitzvah invitation ensemble. Choose any envelope color for any invitation!

Envelope Imprinting

Save precious time by choosing our envelope imprinting service rather than hand addressing each one. Plus, envelope imprinting is a beautiful finishing touch that's sure to impress guests. Check out the envelope imprinting options below.

Return Address Printing – Your return address is printed on the back envelope flap in your choice of ink or foil.

Personalized Printing – Your guests' names and/or addresses are imprinted directly on the envelopes! Simply upload your guest list and choose an ink color.

See page 104 for pricing details.

Printed Designer Envelopes

Designer envelopes are available as an upgrade for all Mitzvah invitations. Designer envelopes are printed with guest addresses and a design to match the Mitzvah invitation. The result is stunning and sophisticated!

Mitzvah collection

Paper Stocks

Each invitation is printed on paper that complements the design perfectly. Select designs throughout this collection are available with more paper options. Please see the invitation's featured details for the paper used and check online for which paper upgrades are available for that invitation.

Choose your printing option!

Every Mitzvah invitation in this section comes with your choice of three specialty print techniques: foil stamping, thermography or white ink printing. All three print techniques are stunning and unique.

3 Your choice!

Choose from the three specialty print techniques shown below when you see an invitation with this icon.

Foil

Bring on the shine! This traditional process involves a heated die, which stamps the foil onto the paper. The result is a flat foil design that is unparalleled in beauty. See page 100 for foil colors.

Thermography

Classic and affordable, resin is sprinkled on wet ink and exposed to heat. The resin and ink fuse together, raising the lettering.

White Ink

The latest in print technology, this specialty print process uses white toner to get the brightest of whites. Nothing compares to White Ink on colored paper!

Paper Colors

The paper colors below are available for all Mitzvah Invitations featured in this section as well as any coordinating parts and pieces, including the top layer, backer, enclosure cards, note folders and Euro flap envelopes. Mix and match to create a custom look!

Hebrew Verses/Quotes

When ordering a quote, please provide us with the English transliteration of the Hebrew verse.

From Generation to Generation
Let us elevate Jerusalem above our foremost joy
Who has kept us alive, sustained us and brought us to this time
May G-d make you like Ephraim and Menasheh
May G-d make you like Sarah, Rebecca, Rachel and Leah
And observe all my commandments to follow them 1 Kings 6:12
A valiant woman who can find her worth is far more precious than jewels

The Jewish Calendar

The Jewish calendar has the following months:

Common Name	Number	Length	Gregorian Equivalent
Nissan	1	30 days	March-April
Iyar	2	29 days	April-May
Sivan	3	30 days	May-June
Tamuz	4	29 days	June-July
Ab	5	30 days	July-August
Elul	6	29 day	August-September
Tishrei	7	30 days	September-October
Cheshvan*	8	29 or 30 days	October-November
Kislev*	9	29 or 30 days	November-December
Tevet	10	29 days	December-January
Shvat	11	30 days	January-February
Adar**	12	29 or 30 days	February-March
Adar II	13	29 days	March-April

*In a short (chaser) year, both Kislev and Cheshvan have 29 days. In a regular (kesidran) year, Kislev has 29 days and Cheshvan has 30 days. In a full (maleh) year, both Kislev and Cheshvan have 30 days.
The calendar rules have been designed to ensure that Rosh Hashanah does not fall on a Sunday, Wednesday or Friday. This is to ensure that Yom Kippur does not directly precede or follow Shabbat, which would create practical difficulties, and that Hoshana Rabbah is not on a Shabbat, in which case certain ceremonies would be lost for a year.
**During leap years a month, Adar II is added before Nisan. During leap years Adar I (or Adar Aleph — "first Adar") is actually considered to be the extra month, and has 30 days. Adar II (or Adar Bet — "second Adar") is the "real" Adar, and has the usual 29 days. For this reason, during a leap year, holidays such as Purim are observed in Adar II, not Adar I.
