ELECTRIC RAINBOW

NEW KEY COLOR COLLECTION

For Spring/Summer 2023 we set our sights on adding clean, sharp, optimistic color for a shock of energy to our color library. We were inspired by tropical destinations, ocean views and painted sunsets that gave us unlimited options for the colors we wanted to achieve.

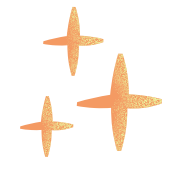

Featured in Garment dyes, Crystals and Cyclones, these colors come to life with emotion that can lift an entire assortment.

Visit us online at Dynomite.com or call us at 855.929.1813 for additional colors and patterns in our Electric Rainbow aesthetic.

SALTED + WASHED

NEW NEUTRALS COLLECTION

We love the way the color in this collection feels like it's been worn over time. Salted by the sea, kissed by the sun - like the best vintage finds.

With the earth as our inspiration, we borrowed colors from Mother Nature and blended them with a range of dye techniques. The subdued tones are perfect on their own but also create an amazing canvas for your designs.

Ask us how we can use our Salted + Washed aesthetic to create your own custom color or collection by emailing or calling.

DUNES

BLEACH EFFECTS COLLECTION

We could barely contain our excitement as we designed our DUNES collection. Every tee was dyed the perfect shade of black so when we stripped the color it presented the most beautiful levels of sandy browns, ecru and "almost" white. The patterns chosen feel extreme and eroded, like a sandstorm across the desert. While each has stand-alone beauty, they also present a unique palette for artwork and decoration to set your product apart. We imagined this collection based in black, but the color opportunities are endless. Contact our Customer Service team at 855.929.1813 if you're interested in exploring other colors with us.

DREAM

BEST SELLER COLLECTION

When we developed our Dream Tees we were inspired by watercolor dye effects and marrying them with the softest fabric we could find. We think we did pretty well.

The blend of the fabric helps the dye disperse across the tee, creating a non-traditional pattern that feels artistic and soft. In some of our newer developments, we opened up the negative space so more of the shirt comes through, and we love the outcome.

Our line of dream tees doesn't just stop with what we've imagined. We can custom mix color for your brand or customer to create more unique or personal combinations. Ask us how we can partner with you on your project by calling 855.929.1813, or visit our website dynomite.com.
