

WORK WEAR

Fits Group only joint ventures with top rated companies to insure the best prices on quality products with leading factories that have been in the business for decades.

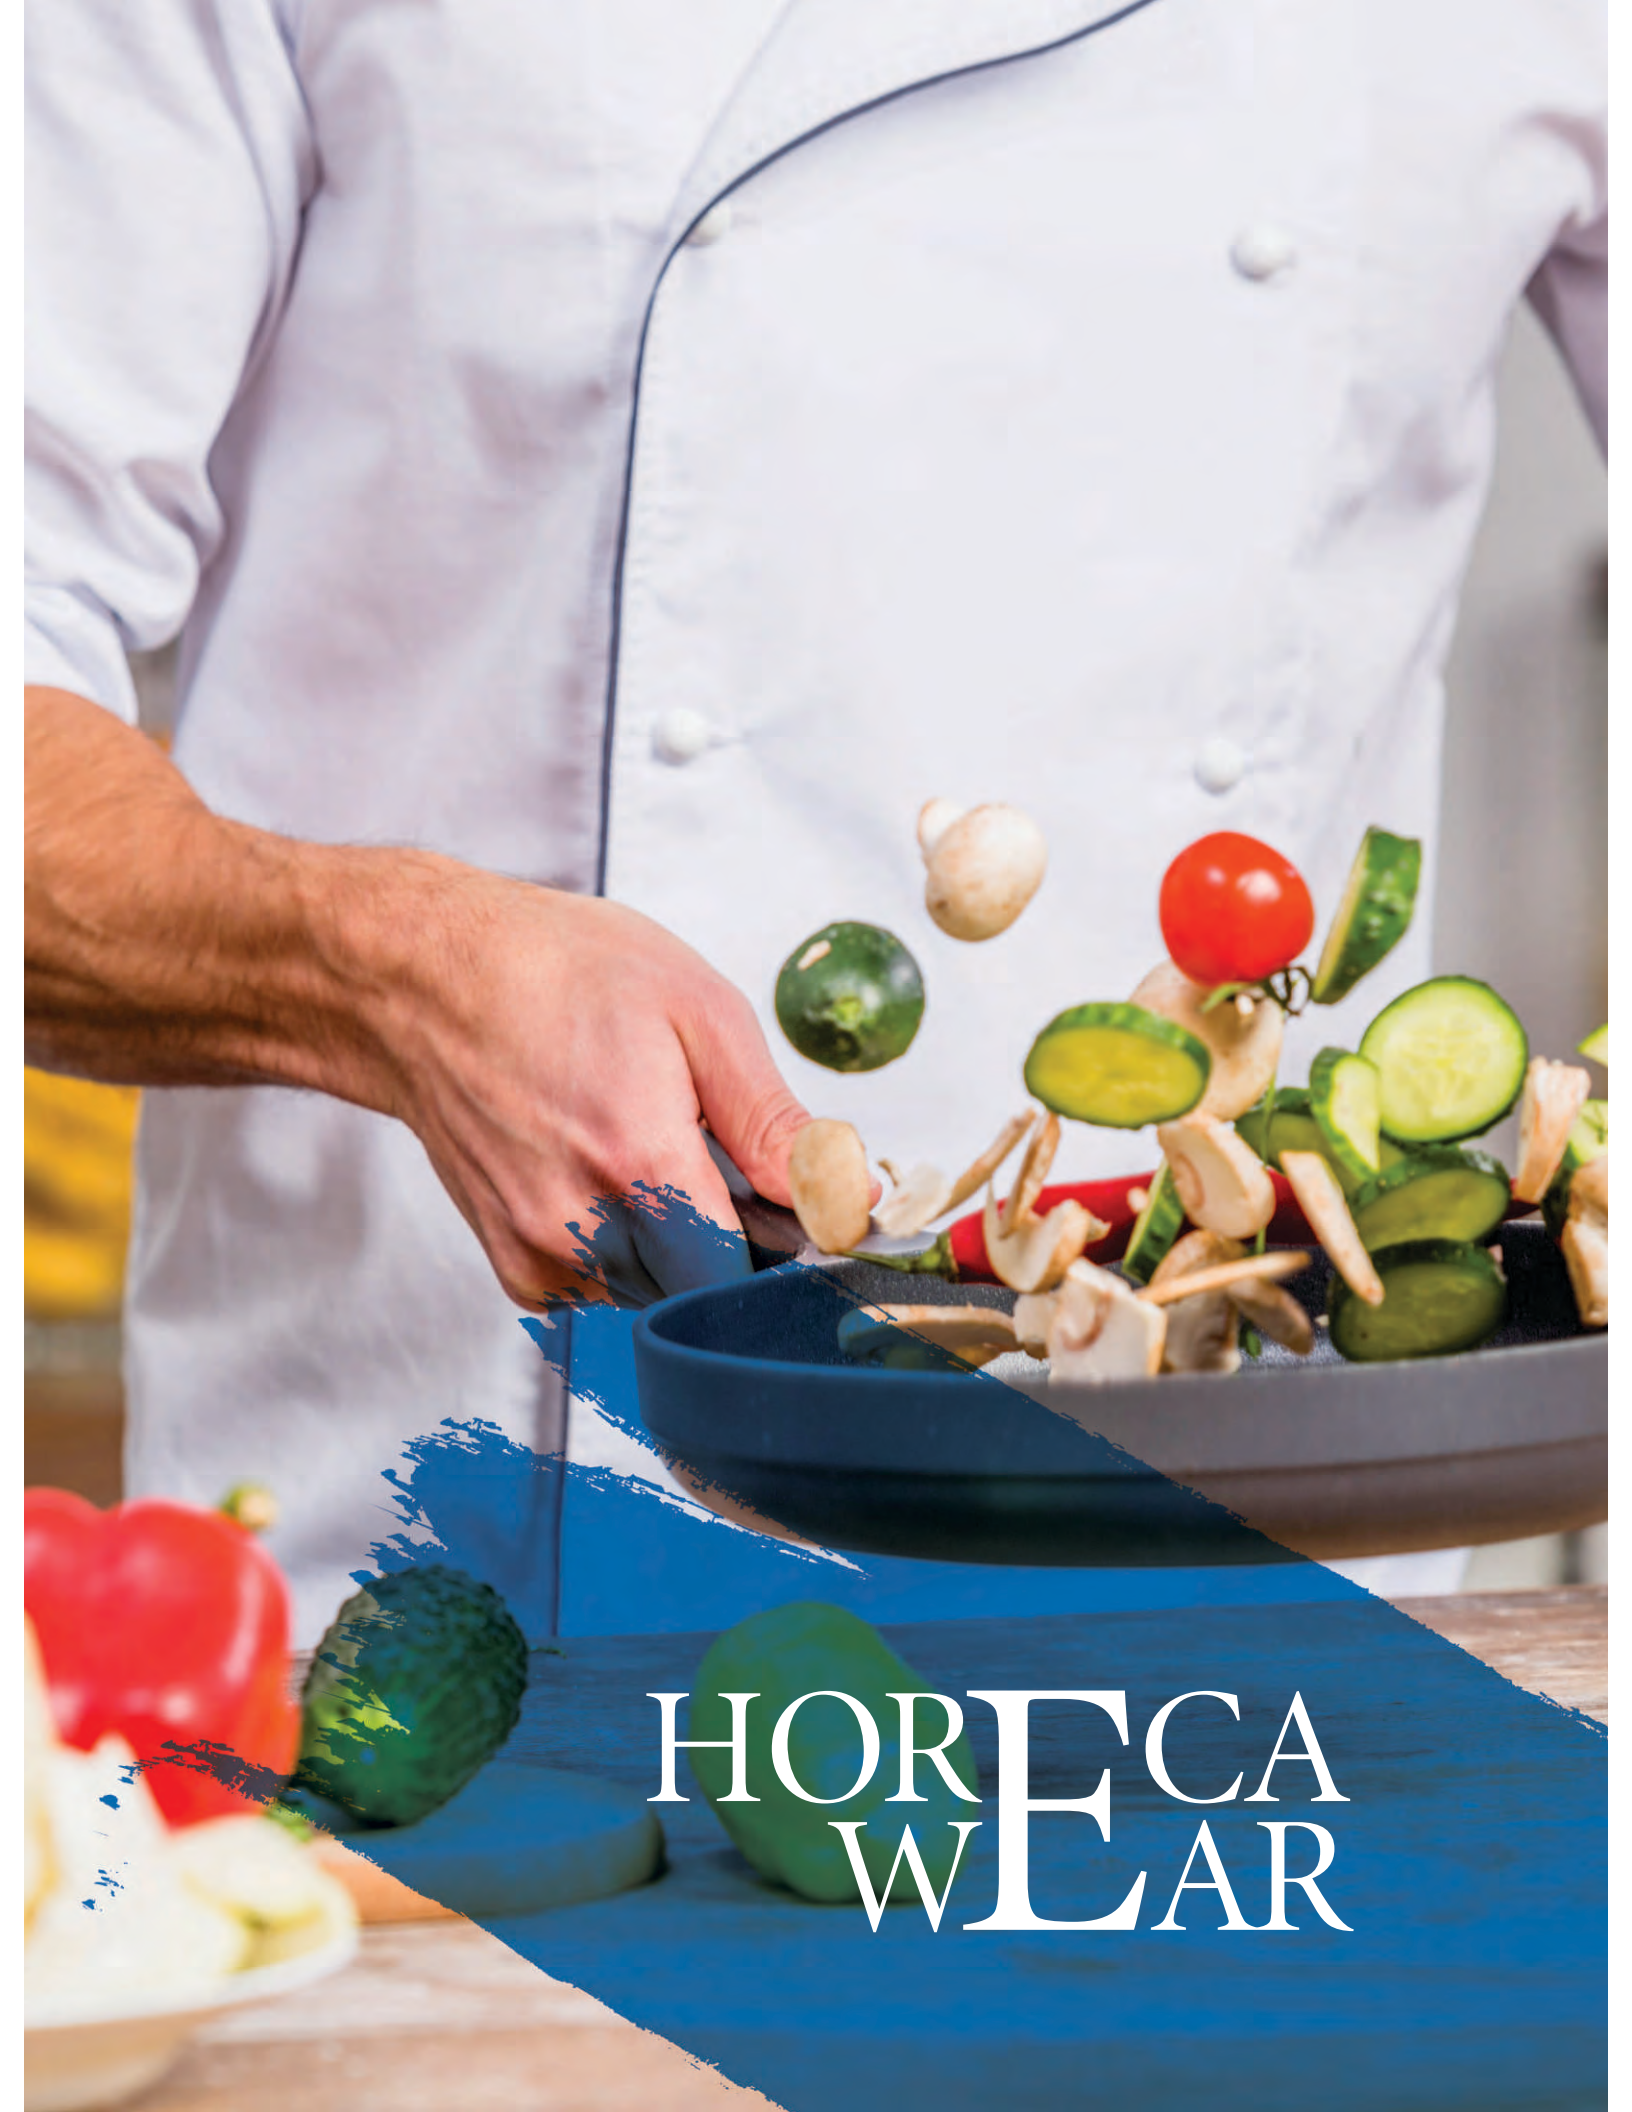

The background of the entire page is a top-down view of several cotton bolls and dried, golden-brown flowers scattered on a plain white surface. The cotton bolls are in various stages of maturity, some fully open and fluffy, others still partially enclosed in their brown, papery husks. The dried flowers have a delicate, branching structure with small, clustered blossoms.

INTRODUCTION

We are your one stop shop for institutional wear, medical wear, work wear and industrial wear.

We tailor products to your specific market needs. In-house dyeing printing and cut-to-pack stitching facilities bring you quality products and timely deliveries.

We help you design your products to suit the pricing, applications and consumer preferences of your market. At every step of the manufacturing process we create value for your customers.
