

FILL IN YOUR BLANK

What's New Fall Holiday 2023

BELLA+CANVAS.

Be Different.

We believe that being different— embracing what truly makes you unique— is the key to meaningful self-expression. So we don't just produce the highest quality apparel, manufactured in an eco-friendly, ethical way. We create blank canvases on which to express your individuality.

Our Difference

The BELLA+CANVAS standard of quality is built upon a foundation of respect for both people and planet. This starts with a supply chain we can trust.

From sourcing through finishing and distribution, each partner in our production— owned and contracted— upholds the standards of the Worldwide Responsible Accredited Production (W.R.A.P.) program.

In addition, each manufacturing partner has signed our very own BELLA+CANVAS Workplace Code of Conduct which upholds (and exceeds) all standards set forth by the Fair Labor Association (F.L.A.). Together, these measures ensure ethical conditions throughout our supply chain.

We know that the fashion industry is amongst the largest polluters in the world, so we extend this very same ethical standard from people to planet in our commitment to a more sustainable approach. That's why we choose to design, dye, and cut our garments in Los Angeles where we are held to the strictest EPA regulations.

To us, feeling great in our canvas is much more than experiencing our incredibly soft cotton on your skin. It means feeling great about where that cotton came from in the first place, and how it was crafted into the very garment you wear.

We do things differently so you can choose a better blank canvas.

FILL IN YOUR BLANK

BELLA+CANVAS®

Doing things the same old way is boring. So how do you create a path all your own? How do you embrace all that's inspired you and channel it into something entirely new?

To express yourself through work is to share your passions. While this looks different for everyone, as a printer or distributor, we encourage you to turn to suppliers with similar values, or with the widest array of colors and silhouettes to fuel creativity of all types.

Whether you're a tattoo artist, screen printer, musician, barista, content creator, or something altogether unique, you know one crucial truth...

You do things differently, allowing your inspirations to collide with your own self-expressions, and the results are entirely you.

To "fill in your blank" is to bring your authentic self to the world, through apparel, and we've got just the right blank canvas for you.
