PROPOSITION 65 Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. All StoneyCreek cast stone products contain styrene. Styrene is a chemical known by the State of California to cause cancer. All StoneyCreek items will be shipped with a Prop 65 warning label. If you have specific questions about safety email us at service@stoneycreekus.com or visit the Prop 65 website at www.p65warnings.ca.gov

WHAT IS THE ART OF RECOGNITION? IT STARTS WITH PEOPLE.

Our cast stone products are made with raw materials. But it's our people who turn each piece into a work of art. Every aspect of our product is touched by hand. Sculptors and pattern makers design the piece. It is then cast by hand, sanded, decorated and finished—all in our factory located in the Midwestern U.S.

Our people give our products the quality you deserve. Our people make your order with pride, just for you.

That is why each piece created by the people of StoneyCreek exemplifies the Art of Recognition.
