ULTRA INK APPLICATION INFO

Screen printed transfers can be printed in unlimited colors, textures and gradients without affecting cost. This process yields an opaque finish and will stretch with your garment.

Application intentionL cotton, polyester, cotton-poly blends, dri-fit, nylon, tri-blends, spandex and more.

Ultra print application is a CMYK printing process. We print directly from artwork provided unless specified otherwise. What you see on screen and what prints are not always the same, therefore, we can not be held responsible for colors if pantones or our stock reference colors are not given. We will match as close as possible to provide pantones or our stock colors but there are variations since this is a CMYK process.

Standard production time: 7-10 business days from date order placed with vector art and art proof approved. All goods must be in our warehouse within 3 busainess days of order placed and art proof approved.

DEBOSSING SPECIFICATIONS

Artwork Quality

- Bolder lines and open details emboss the best.
- Fine, closed detail and small images do not allow enough space for the fabric to be embossed and limit the overall depth.
- Bold, open designs can be more easily recognized on finished products.
- Make your lines at least 1/8" thick to achieve maximum debossing height.

Typography

- Avoid serif typography.
- Bold fonts deboss best.

Garments

- Solid or pigment dyed garments are best for debossing.
- Heathered or patterned clothing will deboss, however, images may appear undefined.

Infant/Youth Apparel Order Processing Responsibility

- Distributor purchase order indicates print is for children ages 12 and under, adult apparel or both.
- Printing on youth and adult apparel, sizes requiring tracking label must be listed. All apparel can print with a tracking label when requested by distributor.
- Apple Imprints will advise if tracking labels are recommended per chance the imprint resembles a youth imprint. These recommendations are subjective. Apple Imprints is not responsible for orders placed by distributor, not specifying use by children 12 and under. All youth apparel, toddler and infant child care articles are required by law to have secondary tracking label when decorated.

CPSIA LABELS & PRICING

Component Testing

- Apple Imprints relies on the accuracy and updated test results of inks currently in house, Wilflex Epic series, documentation available upon request.
- Additional component tests are available to receive General Certificate of Conformity for a particular order, separate from 3rd party ink testing, upon request from distributor.
- Component tests are completed thru the accredited lab: Anesco Group, 4455 Genesee Street Bldg #6, Buffalo, NY 14225.
- Additional Component testing, if required, must be specified on distributor purchase order with costs assessed to distributors order confirmation.
- Each certificate will include the following:
 - Identification of the product covered by the certificate
 - Applicable CPSC rule or ban
 - Identification of the manufacturer (Apple Imprints apparel)
 - Identification of the person maintaining the testing information
 - Date and place where the product was manufactured
 - Date and place where the product was tested
