YOUR FULL COLOR LOGO ON THE BACK OF EACH CHIP

Take Your Trash Talk, and Laughs to a New Level

This exciting game levels the playing field for all golfers.

Only 1 game is needed per foursome. The game begins by golfers agreeing on a value for the poker chips before teeing off. Each player begins the round with no chips. Golfers want the (red) positive chips and want to avoid the negative. The player that has the game hands out the chips as they are earned. The payoff is determined by the last golfer holding the chip at the end of 9 or 18 holes.

EXAMPLE:

If someone hits their ball into the water. He receives the water chip. He can pass it when he sees another player go into the water. Same rule applies for positive chips. If someone is holding the Birdie Chip and a player birdies after... that player must ask for the chip before he walks off the green for that hole. It all comes down to the 18th!
