Choosing the right personal care products manufacturer can be the key to opening up new business opportunities and bringing more profits to your business. We take pride in our ability to develop products that are specifically manufactured for the promotional products industry. Our entire line is formulated in-house with an emphasis on providing superior quality. We want your advertising message to last, so we offer high quality products that your clients will keep and use on a regular basis. Here is a little more about what we offer!

## VALUE

One of the first things to consider when choosing a supplier might be pricing, but the best supplier will offer you more than just low pricing. After all, if your customized product is affordable because it is low or inferior quality, then the price is really not worth it. The best manufacturer offers the highest quality at a variety of price points and quantities.

## QUALITY

We mix our own formulas, fill the containers, and apply the labels right here in our Utah, USA factory. Because we control the manufacturing process we are able to guarantee product freshness, safety, and quality in every aspect of providing you with the best. All labels are full CMYK color labels.

## SELECTION

A wide selection of products is also important because it gives you an opportunity to reach out to new customers. Having more choices allows you to choose the items that are the best fit for your business and to create a customized personal care product that speaks to your clients.

## SUPPORT

The right supplier has the expertise to help you offer products that are the best fit for your customers. We are organized with a great customer service team that will help you with any questions you may have with the ordering process. We offer free samples and free virtuals, all at no cost.

## FAQ

### PRODUCTION TIME

Turnaround time begins from the time you approve the order and art. Production days are considered Monday through Friday, excluding weekends and holidays. Please inquire for production lead times on orders greater than 2,500 pieces.

### LABEL IMPRINT

All labels are CMYK (Full Color), high gloss finish. CMYK and Pantone colors may be indicated, but cannot be guaranteed to the scrutiny of all customers, due to color variability associated with color digital printing. Labels are printed in the Pantone Solid Coated color library.

### ARTWORK FORMAT

Please submit all logo art as vector artwork or high resolution images with a minimum of 300 dpi in the following formats: AI, PDF, EPS.

### ARTWORK SET UP

Artwork set up is FREE! We require vector artwork or high resolution images with a minimum of 300 dpi in the following formats: AI, PDF, EPS.

### ARTWORK APPROVAL

Virtually all artwork requires customer approval prior to production, because we frequently change our templates, and due to the financial risk of printing labels that are incorrect. If you indicate no artwork proof necessary, then your company is liable for artwork errors that are not within our control. You may apply for pre-approval of artwork subject to specific guidelines for submitting art.

### REPEAT ORDERS

Set up for repeat orders is FREE!

### MULTIPLE LIP BALM FLAVORS

The price for lip balm may be set at the price break for the total number of lip balms of one series type to be ordered. The MOQ for each flavor on multiple flavor orders is 250 pieces. Any line item for less than 250 pieces is subject to a \$12.00 (G) Flavor Change Fee, unless the price is at the 100 piece quantity break.

### SHIPPING

FOB, Clearfield, UT, USA

\$10.00 Flat Fee via FedEx Ground on all LIP BALM orders within the 48 contiguous states.

A \$10 drop fee and shipping charges applies to ship to each additional location.
