# 2025 TOP PROMO TRENDS

## 1 Clothing that stands the test of time.

People are seeking functional garments with classic styling that will last long after current fads fade.

## 4 Dressing for protection.

Whether it's moisture-wicking or UV protection, fabrics will be key to helping resist the elements.

## 2 Bright, bold and touchable.

Exuberant colors will continue to make a splash, whether in the form of color blocks or patterns. Materials that offer comfort are most sought after.

## 5 It's what's on the outside that counts.

Socializing after work means a focus on jackets and outerwear. Your brand will get seen in more places than ever.

## 3 From dawn to dusk.

Think about adding pieces that will dress up, from work to after work, like a stylized blazer.

## 6 Matching is back.

Matching tops and bottoms is back in style.

A man with short dark hair and a light beard is crouching in a parking garage. He is wearing a black short-sleeved polo shirt, grey trousers, and black sneakers with white soles. He is looking off to the side with a slight smile. The background shows the concrete structure of the garage with some green lights and a bright light fixture.

EASY  
MOVING  
PANTS

STYLE

We use fit forms with the latest technology and body shape data to achieve the best sizing strategies, offering 3 different styles – Tailored, Traditional, and Relaxed.

FIT

We offer fit lines! This allows customers to hold “try-on” events/days to gather everyone’s size before placing an order. 50% of every uniform is pants, so we want to make it easy to avoid the cost of returns.

BETTER F

**STRETCH**

We bring athleisure to workwear. Comfort is key – with a uniform that looks polished for work and beyond. Superior stretch and articulated patterning provide freedom of motion and the ideal fit.

**MEASURE**

We've consolidated our size charts to make it easier for customers to find a size based on their body measurements. We offer a large range from Men's core styles ranging 28-60 and Ladies' 00-32.

# IT PANTS

The logo for Point Grey, featuring a stylized white icon of a building or flag on the left, followed by the text "point grey" in a lowercase, sans-serif font, with a trademark symbol (TM) to the right. The entire logo is set against a solid orange square background.

point grey™

A man with dark, curly hair, wearing a dark grey suit, white shirt, and tie, is riding a black electric scooter on a paved sidewalk. He is leaning forward in a dynamic, athletic posture, with his right leg extended back and his left foot on the scooter's deck. He is wearing white sneakers with a black and white checkerboard pattern. The background shows a brick building and trees with autumn foliage.

## Modern arrivals.

The new Point Grey™ line is a fresh take on business casual apparel where fashion meets function. These crazy, comfortable designs make you feel like you're wearing your favorite joggers while you look polished and meeting-ready. Combining upscale designs and a more tailored fit with incredible ergonomics and an extended range of motion allows you to go seamlessly from work life to real life without a wardrobe change.

## Details. Details.

We think a suit should look as good on the inside as it does on the outside, so we incorporate details such as modern polyester lining, interior pockets for added functionality, and inner mesh for quick drying. Washable styles are easy care, making dry cleaning a thing of the past. All styles are made to fit and flatter.

# HOW TO MEASURE

Our garments are cut to accommodate active working conditions. Here's how to get the correct size and ensure a comfortable fit.

## LADIES

Be sure to measure your body. Do not measure over shirts or slacks. Hold tape measure close but not tight against the body.

### BUST

With arms at your sides, measure across the fullest part of the bust, under your arms, keeping tape parallel to the floor.

### WAIST

Measure at your natural waistline at its smallest part.

### LOW HIP

Measure the widest point of your hip, approximately 8" below your natural waist.

## MEN

For men, as a general rule, the number of inches measured will equal your size, when measured correctly. Be sure to measure your body. Do not measure over shirts or slacks.

### SLEEVE LENGTH

Bend your elbow 90 degrees and place hand on your hip. Have someone measure you from the center back of your neck, across your shoulder to your elbow, then down to your wrist bone. The total length in inches is your sleeve length.

### CHEST

With arms at your sides, measure across the fullest part of the chest, under your arms, keeping tape parallel to the floor.

### NECK

Measure around base of neck (lowest part). Number of inches equals neck size.

### WAIST

Measure your natural waist at the height you normally wear your pants. Keep the tape measure firm but not tight.

### INSEAM

Measure the inside of your leg from crotch down to the top of the shoe. Or, measure a similar style of pants that fit well. Measure from the crotch seam to the hem.

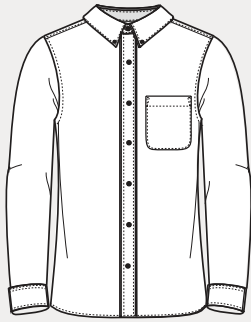

### LOW HIP

Measure the widest point of your hip, approximately 8" below your natural waist.

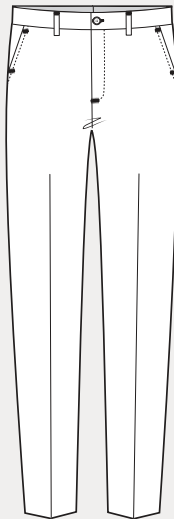

# FIND YOUR FIT

Our garments are cut to three standard fits for more uniform sizing. See individual product descriptions.

## TAILORED

Fitted through body and sleeves.

Sits slightly below waist, fitted fit through hip and thigh, straight or tapered leg openings.

## TRADITIONAL

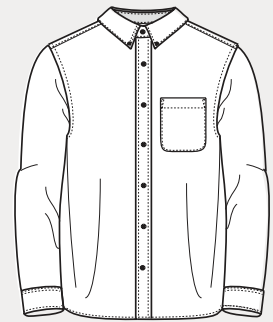

Comfortable armholes and sleeves with a straight body design.

Sits at the waist or slightly below waist, relaxed fit through hip and thigh, straight leg opening.

## RELAXED

Generous cut through body and sleeves.

Sits at the waist or slightly below waist, loose fit through hip and thigh, straight leg opening.

# TERMINOLOGY

 **Dry Clean Only** styles should be cleaned by a professional dry cleaner. Hand or machine washing or drying will diminish garment quality.

 **Easy Care** styles are just that – easy to care for! Put them in the wash, dry them, hang them up and wear it again. Easy care garments take the work out of looking great.

 **Home Launder/Machine Washable** is a product designed to be washed in small-batch, mild temperature conditions typical of home machine washers. The garment is designed to last 30–50 wash cycles or more.

 **Industrial Launder** is a product designed to withstand the large-batch wash/dry/press and high temperature conditions prevalent in industrial and commercial laundries. The garment is designed to last 50+ wash cycles. Bleach and other chemicals are generally not recommended. Customers should test product before using it in environments with chemicals and/or very high temperatures before deciding to use.

 **Moisture Wicking** fabric draws moisture away from your skin transferring it to the outer surface keeping you cool, dry and comfortable.

 **Comfort Stretch** fabric is engineered to provide natural stretch, flexibility and comfort.

 **OEKO-TEX® STANDARD 100** standards enable everyone to make responsible decisions and protect natural resources. Products bearing the OEKO-TEX® STANDARD 100 labels have been scientifically tested for the presence of harmful substances and are a better and safer choice for your health.

 **BIOGUARD®** is an antimicrobial technology that inhibits the growth of odor production and stains.

 **REPREVE®** Repreve® fiber contains recycled materials – including plastic bottles. When you see this symbol on the tag, remember: It's what's in it that makes it recycled. With Repreve®, you can be sure you're creating a reprieve for the planet.

 **Soil Release** finish provides for easy care with recommended soil treatment. The release allows stains to be removed more easily during laundering.

 **Sustainable** Edwards is committed to implementing sustainability measurement tools like the Higg index to drive environmental and social responsibility in our supply chain.

 **Snag-Proof** garments resist snags wear after wear. Don't believe it? Try a wire brush!

 **Tuff-Pil® Plus High-Tech Acrylic** fibers used for uniform ready sweater apparel offer low-pil performance, colorfast and durability. The garment is designed to last 30–50 home wash cycles.

 **UV Protected** means more fun, less sun. The dry-mesh fabrics block harmful UV rays with up to a UPF 50 factor.

 **Waterproof** garments keep you dry with DWR (Durable Water Repellent) finish and a fully seam-sealed interior.

 **Water Resistant** garments are coated with DWR (Durable Water Repellent) finish that lets water bead up and roll off.

 **Wrinkle Resistant** fabric is treated to resist wrinkles and the garment holds its shape with multiple washes.

## EDWARDS SATISFACTION GUARANTEE

At Edwards, before the label goes on our apparel, over 150 years of experience, quality and workmanship go into making it. We understand that what your employees wear is a reflection of your brand and you expect clothes that work, so we use quality fabrics, trims and finishes that enhance the life of the garment.

Edwards, family owned since 1867, stands behind every garment made and is confident that they will perform as designed. If you are not 100% satisfied with any product, you may return it for a replacement or refund within one year of purchase.
