

Canada Strong, eh!

All for one, one for all! Promote our unwavering patriotism with our Canadian Maple Syrup products.

Pure, delicious, and harvested in the forests of Quebec.

Maple Syrup Powder can be used in recipes in the same way as cane sugar is used. It can be used to sweeten drinks, top oatmeal or incorporated into a flavorful rub for meats. When using Maple Sugar Powder in baking, it acts just like regular granulated sugar and can be creamed with butter for cookies and cakes.
